

WE WON!—Gaiety prevailed at Legion Hall Tuesday evening as news was received of a GOP victory in Springfield. GOP Retains Control In Township

Springfield Republicans retained control of the Township Committee with Mayor Philip Del Vecchio and Carmen S. "Mike" Catapano winning Howard S. Smith and Louis Ceithaml, the Democratic candidates, in a thrilling stretch duel in Tuesday's general election.

The final count in the voting machines gave Mayor Del Vecchio a total of 3309, high

man in the local contest, with Catapano polling 3263. Only three votes being won by Smith with a total of 3260 while Ceithaml was breathing right down the neck of the front runners with 3169. Added to these voting machine totals are the following absentee ballots: Del Vecchio, 25 which gives him a total of 3334. Catapano received a total of 27 absentee ballots, making his total vote 3290. Smith was given 22 absentee votes which brings his total to 3282, just 8 votes short of becoming one of the victors. Ceithaml received 20 absentee ballots for a total vote of 3189. These total figures show that Smith was defeated by only eight votes while Mayor Del Vecchio,

high man, topped Ceithaml by 145 votes. WINNING BY SUCH a close vote was not a resounding or spectacular victory for the G.O.P., administration forces in Springfield but it gives Mayor Del Vecchio greater depth in control since he now has 4 and 1 edge giving him that extra vote on the Township Committee for passing necessary legislation. There was no dancing in the streets by the Democrats but the fact that the election was practically a "photo finish" with both Smith and Ceithaml almost making it, has already inspired the losers to unite and shout, "wait til next year."

The Springfield campaign, in the final weeks, became a wild

swinging, bitter affair with charges and counter charges being hurled by over-enthusiastic party workers rather than by the candidates themselves. Mayor Del Vecchio and Catapano held their own in what have usually been strong Democratic districts in past elections such as the tenth, eleventh and twelfth. But, as usual, the Republicans ran wild in the fourth and sixth districts. The third district, where the Democrats have had some family troubles, came through for Mayor Del Vecchio and Catapano with totals of 283 and 285, respectively, as compared with 186 for Smith and 170 for Ceithaml. The vote getting power of Con-

gressional... er in Springfield as well as the rest of Union County was again in evidence Tuesday when he polled a total of 4025—the highest in the Township. Senator-elect Nelson F. Stamler, Republican candidate for that Union County office, again displayed his strength in the Township with 3762 votes. Sheriff Ralph Oriscello was high man on the Democratic ticket in Springfield, next to the local candidates, rolling up a vote of 2824. Springfield voters also turned down the public question on increasing the term of sheriffs by a vote of 2127, to 1101.

Barriers Cut Accidents

Injuries caused by vehicles running into the center area of Route 22 dropped 75 per cent after installation of a center barrier, according to a special study by the New Jersey Highway Department's Bureau of Planning and Traffic.

The study covered 1,274 reported accidents in Route 22 over a five-year period, 18 months before and 42 months after installation of a center barrier.

The Bureau of Planning and Traffic commented in its report, "these studies indicated that to reduce accidents and fatalities, it is desirable that all four-lane roadways have a center island of some type."

Where right-of-way width is restricted, the island should take the form of a barrier curb to reduce head on collisions.

Barriers have been installed on many other highways but have not been in place long enough to permit satisfactory statistical comparisons.

However, the appreciation of motorists and civic groups is evident in the many requests for installation of the safety devices on multi-lane highways which are still without them.

A factor which must be considered in all comparison of traffic accidents is the steadily mounting volume of travel.

Rabbi Levine Appointed To Committee

Mrs. Thelma Sandmeyer, Principal of Gaudin Junior High School and Chairman of the Juvenile Conference Committee in Springfield, recently announced the appointment by Judge R. O'Connor of the Union County Domestic Relations Court, of Rabbi Reuben R. Levine to the Conference Committee.

Many Springfield residents are not aware that this committee, composed of representative clergy, the Chief of Police, Wilbur Selander and Mrs. Sandmeyer, functions as a Board of Review for cases of juvenile delinquency which have been brought to the attention of the courts, but are deemed worthy of possible disposal outside of court jurisdiction.

The Juvenile Conference Com-

mittee functions as an arm of the court, yet it means whereby many first offenders and those who commit lesser acts of delinquency can be saved from court action and from the establishment of a police record.

Rabbi Levine's appointment was made in recognition of his strong interest in the youth of the community and his wide acquaintance with so many of Springfield's young people and their families. He has already participated in several of the recent cases.

Children On His Route Call Fetch

"The Merry Mailman"

Postman Charles E. Fetch, 43, of 725 Edgar Road, Elizabeth, will look familiar to many residents of the south end of Springfield. The children on his route think he is the "Merry Mailman" of television.

"Charlie", who wears badge #9, has been with Springfield Post Office 2 1/2 years, first as a substitute and then as a regular carrier since March, 1961.

During World War 2, Charlie trained with the 29th Combat Engineers and while on his way from England to France, his ship hit two mines and sank. He was rescued and landed in Normandy to participate in the invasion and then continued on to take part in five other campaigns including the Battle of the Bulge.

He also served with the Civilian Conservation Corps in Utah. He spent his younger days in Newark and was educated at South Side High School.

Mr. and Mrs. Fetch have three sons, Charles, 20, Richard, 17, and Robert, 15, and a granddaughter, Deborah, seven months.

Charlie covers Route 14 consisting of part of Hilleid Avenue, Beverly Road, Devlin, Stiles and Meckes Streets, Newbrook Road, Kemp Drive, Layng Terrace, South Springfield Avenue

from Newbrook Road to Lynn Drive, Hilltop Court, Essex Road, Lynn Drive and Tudor Court.

Mr. Fetch has no particular hobbies, but is interested in all sports, especially baseball, football, and bowling.

Follow These Rules On The Burning Of Leaves

Now that leaf burning time is here, the Springfield Fire Department has issued the following instructions:

No burning without a permit. Permits are available free at fire headquarters.

No burning in the gutters with or without a receptacle.

No burning after dark.

Burning must be done at a minimum distance of 25 feet from property lines and structures.

Another item of importance, warned Deputy Chief R. Day, is the storage of power mowers and other gasoline operated equipment (except automobile) in attached garages or cellars.

The Fire Department recommends that all gasoline be drained into a metal container which has a tight fitting cap to avoid the possibility of fumes concentrating in the area.

"Onions In The Stew" Is High School Play

REHEARSING—Left to right, Diana Williams, Jane Ward, Carl Asp and Ginny Stewart rehearse a scene from "Onions in the Stew" to be presented by the senior class of Governor Livingston Regional High School on November 16th.

"Onions in the Stew", a rollicking comedy adaptation for the stage of Betty MacDonald's best-seller, will be presented by the Senior Class at Governor Livingston Regional High School in Berkeley Heights on November 16 in the high school auditorium. Miss Barbara Berezansky will direct this 3rd annual production with the assistance of Miss Beth Worthington.

In this hilarious comedy Betty MacDonald persuades her two teen-age daughters and a somewhat doubtful husband, Don, to sink every penny they have in a house on an island in Puget Sound. However, life on the island is not as easy as Betty anticipated. There are tides, snow storms, never running ferries and, as if this weren't enough, two teen-age friends and weekend guests to be reckoned with. The uproarious state of the MacDonald household will certainly captivate the audience.

Ginny Stewart is portraying Betty MacDonald with Carl Asp as her patient husband, and Diana Williams and Jane Ward as her two daughters. The assortment of boy friends and girl friends will be played by Don Chamberlain, Michael Webb, Tom Spiegall, Margot Zeissig, Anita Russo, Diane Hutchinson and Diane Lyons.

In addition to the teen-age crowd, the MacDonald household seems to be the happy haven for the various neighbors and week-end guests played by Pamela Rundlet, Debbie Levenson, Sandra Scotch, Brian Stenfors, Linda Teresa, Phil Dietz and Gerry Hausman.

Plumbing, too, is another of the complications of the MacDonalds at one point there seems to be more plumbers on the stage than anyone else. This crew will be played by Richie Sadowski, Mike Rendine, Ingrid Bishop and Walter Brahm.

Judith Cenci will assist Miss Berezansky as student director with the following students as committee heads: Polly Thorington, Dolly Parker and Jean Wall. Mr. Clifford Robinson is in charge of publicity and ticket sales. Mr. Peter Festante and Chester Kropnicki will design and build the scenery with the help of a student committee. The interiors will be done under the direction of Mrs. Janet Grefrath, art director.

Robert Allen, President of the Union County Unit of the New Jersey Association for Retarded Children, spoke to the parent group of the Mt. Carmel Guild Saturday Class at their Nov. 3rd meeting in St. Bernard's Auditorium, 368 Sumner Avenue, Plainfield.

He discussed all the services sponsored by the Association for residents of Union County including a sheltered workshop for qualified retardates over the age of 18 which is located in Elizabeth, the Nacy Luzon Training School in Roselle, Camp Star, a summer day camp in Mountainside, and young adult groups in Elizabeth, Hillside and Plainfield which enjoy recreational programs bi-monthly. There are also swimming classes at the Plainfield Y.M.C.A.

Other services of the Union County Unit of the N.J.A.R.C., which has no religious affiliation, include aid to institutionalized retarded children and adults and assistance to individuals seeking information about the facilities available to the retarded.

A community educational program has been undertaken by the Unit to encourage understanding of mental retardation. It has also sponsored an intensive survey, begun in the fall of 1961 to determine the unmet needs of the retarded in Union County. The results of this survey will be used to bring about a comprehensive program to meet the total needs of the mentally retarded here. Chief among these needs at present is a diagnostic clinic, preferably hospital-centered. There are an estimated 15,000 persons in the county with some degree of retardation.

Springfield To Celebrate "Book Week" Nov. 11-17

The children shown above are from left JEFFREY, 4½ yrs. JOSEPH, 6 months, and LORIE ANN, 3½ yrs. They are the children of Mr. and Mrs. Joseph Raymond of Clifton. Mr. Raymond is employed by Lockheed Air Craft in South Plainfield. Mrs. Raymond is the former Phyllis Schweitzer of Springfield. Proud grandparents from Springfield are Mr. and Mrs. James Schweitzer.

In the Children's Department at the Springfield Public Library, "Pumpkin" and "Football" displays have now given proper place to the one big important display of the year — "Children's Book Week." celebrated November 11-17. This year the slogan, "LIKE BOOKS" is very simple, but expressive. The poster, in delicate hues of rose, blue and green, portrays a group of three children, one cat, and one dog, seated under a clump of birch trees. The facial expressions of the children convey happiness and attachment as they read. The kitten seems to be demanding attention, while the puppy looks neglected.

Colorful displays in the hallway and in the main room are accompanied by many of the recent acquisitions in the children's book field. Some of these books are "Crossroads of Conquerors" by Wenderoth Saunders, "Looking at the World" by Jean and David Goddard, "Live of an Oak Tree" by Ross Hutchins, "The Jade Jaguar Mystery" by Lois Fuller, "Mountains" by Delta Goetz, "Sam's First Fish" by Leonard Shortall, "Fawn in the Forest" by Jim Kjeldgaard, "Mystery behind Dark Windows" by Mary Jane, "Spaceship to Planet Veta" by Reinhold Hodi, "Saddle the Storm" by Dirk Cringhults, "Project: Genius" by William Hayes, "The Deer Family" by George Mason, "All about our Fifty States" by Margaret Ronan, "The Pitzel Holiday Book" by Leonard Jaffe and the new American Heritage edition of the "French and Indian Wars".

These are only a very few of the many new books added to the children's book collection this fall.

Many of the teachers from the various Elementary Schools in Springfield are bringing their classes to the Library during this season. They are given book-interest talks including the care of books and instruction on how to use the card catalog and the reference collection.

All children who visit the Library during the next few weeks will receive a colorful "Book Week" bookmark, for which

Phyllis McGinley has written a very special riddle:
"What's gay as a carnival,
handy as chalk,
Jolly as puppies just learning to walk,
Useful as Band-Aids or money to spend,
Warning as fire is, kind as a friend
Tempting as hamburgers ready to cook,
Far more exciting than flying?

Hoagland Member Of Panel

Mr. Donald Hoagland, Coordinator of Industrial Arts and Vocational Education for the Union County Regional High School District, was a member of a panel that discussed the "Challenge of Providing Funds for Industrial Arts", at the annual fall Industrial Arts Conference at Montclair State College, on

Saturday, October 27. Mr. Hoagland pointed out that the Regional District has succeeded in providing broad industrial-vocational offerings as part of its high school program. He further stated that over three-fourths of the boys in the Regional District are enrolled in some phase of Industrial Arts.

With enrollment such as this, industrial arts education is not expensive education. Experience has proved, Mr. Hoagland said, that it is necessary to implement an industrial arts program so that it provides meaningful experiences for both the college bound student and the terminal student. Industrial arts part time work experience programs fall into the latter category.

Scientist To Address Temple Beth Ahm Service

The issue of "Survival in the Nuclear Age" will be discussed by Dr. George Yevick, a nuclear physicist at Stevens Institute at the Friday Night Service of Temple Beth Ahm on November 9, 1962.

Dr. Yevick's appearance is in line with Rabbi Levine's statement that "The purpose of worship is not prayer alone, but according to the best teachings of Judaism, it also includes the dimension of study and discussion. It has been our policy at Beth Ahm therefore to have speakers at our Services from time to time who will touch on matters of current social significance, particularly where these

issues bear upon our spiritual and moral life. I do not believe there is any subject more compelling nor which generates deeper fears than the one of survival and international peace in these troubled times."

Dr. Yevick has been on the Scientists Committee on Radioactive Information and is an active member of the Sane Nuclear Policy Organization.

The Service, which starts at 8:45, and Dr. Yevick's message at its conclusion, are open to the entire community.

North and South Dakota are celebrating 1961 as—Dakota Territory Centennial year.

Money Matters

BY DONALD SHARFMAN

Tax planning or, at least, tax awareness is a necessity in the financial planning of every individual in today's economy. This is especially important for the investor at this time of year.

With the above in mind, we will today review some basic tax rules which should be, but often aren't, fully familiar to investors. Our next article will discuss various applications of these rules. Careful thought on your part, and consultation with your tax advisor, should very possibly lead to substantial tax savings.

In reviewing your tax position, the first step is to combine all gains and losses from the sale of securities held for more than six months to determine the net long-term capital gain or loss. Gains and losses from the sale of securities held for six months or less are combined to determine the net short-term capital gain or loss. Any net long-term deposit offset against a net short-term gain, and net short-term loss is offset against net long-term gain.

If the result of the above step is to leave a net long-term capital gain, this is taxed at a maximum rate of 25%. Alternatively, one-half of such gain is taxed at ordinary income tax rates. In the more modest income brackets the second alternative will, of course, result in the smaller tax.

If step one (offsetting net long-term loss against net short-term gain, etc.) results in a net short-term capital gain, this is taxed in full at ordinary income tax rates.

Finally, if the result of all sales of securities is a net loss (whether long-term or short-term), the first \$1,000 of such loss is deductible from ordinary income. Any balance may be carried forward as a short-term capital loss for five years.

If you want to realize a loss for tax purposes while still keeping your position in the security, keep in mind that if you buy the same security, or substantially the same, within 30 days before or after you sold it, the loss will not be recognized. This so-called "wash sale" provision applies to losses only, and not to gains. Next week's article will cover some methods for taking a loss, while still maintaining your position in the security, without violating the wash sale rule.

Dinner To Honor Local Hospital

A dinner honoring 20-year personnel of the John E. Rummel Hospital for Chest Diseases, Berkeley Heights, will be held at the Scotch Plains Country Club, Scotch Plains, on November 8, 1962, at 8 P.M.

Twenty-three of the personnel will be so honored. Friends and relatives, as well as members of the Board of Freeholders, the Board of Managers of the Hospital, and Hospital Employees will attend.

The honored guests range in years-of-service from 36 years to 20 years. As a group, the average has been 25 years of service - and the total number of years devoted to our County Hospital by these employees is 592 years.

The dinner will also mark the 2nd phase of a three part celebration of the hospital's 50th Anniversary. The 50th Anniversary Celebration will culminate with an "Open House" and Tour of the Hospital on Sunday, November 18, 1962, from 1:15 to 4:15 P.M. The public is invited.

"Drops-Outs Show Signs"

"There are very distinct signals when a student is about to drop out of school," a member of the Gouty Technical Institute Board of Education said today. Mrs. Mary Redden of Cranford said, "A pre-occupation with cars and driving, and a positive aversion to the printed word in teenagers are often observed just before they quit school."

Mrs. Redden, a participant in the annual conference of the District Boards of Education last week in Atlantic City, said at a meeting devoted to the "drop-out problem." These other points were made:

Students who quit school, surveys show, are generally of normal intelligence. It is often their obsession with cars and the need to earn money to finance this interest which makes them leave school rather than any individual difficulties.

In order to utilize the abilities of those who drop out, an effort should be made to give status to some of the more routine occupations. Judge - author - editor, Mary Conway Kohler who addressed the drop-out session said that so many girls sought airline stewardess jobs because the positions have been glamorized.

"Just what does a stewardess do?" Miss Kohler asked. "She spends most of her time as a flying waitress." She said that if other trade and service jobs were given the same luster that young girls could quickly find gratifying positions in the employment market.

Another member of the Union County Vocational - Technical Board of Education returning from the conference urged that "a proper share of the educational dollar go for vocational

technical education." Mr. Eugene Caffrey of Westfield, the board member, offered a report presented to the conference by Mr. George H. Shay, President, Somerset County Vocational Board of Education; Staff Manager, Pipe Division, Johnsonville Corporation. Shay warned that high school industrial arts programs could not take the place of formal vocational-technical training.

More Parking Space For Mill

The Paper Mill Playhouse in Millburn has acquired a new parking lot directly across Brookside Drive from the Playhouse. The lot, which is currently cleared and will be paved, will accommodate over 60 cars. It will be completed within two weeks.

Frank Carrington, founder and co-producer of the Paper Mill Playhouse, has been negotiating for the lot for several months and had to get a special variance to convert it to use for non-residential purposes.

The theatre will go dark on December 1 when "Gypsy" starring Julie Wilson closes and will re-open the day after Christmas. The contemplated 15-week winter season opening December 26 will mark the first time in ten years that the Paper Mill has operated in the winter months. The first attraction of the winter season will be "South Pacific" followed by new plays on their way to Broadway and recent Broadway hits.

Five Students Visit Museum

On October 26, 1962 five senior students from the Jonathan Dayton Regional High School, Harold Davis, William Dougherty, Eugene Johnson, Alice Lewis and Linda Silpe, accompanied by their art teacher, David M. Brodman, attended an Open House for inspection purposes at the "Philadelphia" Museum of Art. The senior students, all interested in continuing their art education after graduation from high school in June, were able to inspect all facilities of the school as well as discuss some of their problems with the school's administration.

Letter To The Editor

Dear Editor: The Parents Committee for UNICEF wishes to extend their gratitude to all the children of Springfield who carried their milk cartons for UNICEF on Wednesday, October 31st.

Unofficial tabulations of monies collected for UNICEF on that day indicate the total amount to be well over \$900. The National State Bank, Springfield Branch, has already issued a check to the U. S. Committee for UNICEF in the amount of \$896.66 with all monies not yet tabulated.

The committee also wishes to thank all those parents who helped directly and indirectly to make this Trick or Treat for UNICEF such a successful endeavor.

Their cooperation and generosity will aid in providing food and drugs for many thousands of less fortunate children in all parts of the world.

A vote of deep appreciation is also in order for the teachers, and school administration who helped with flyers and providing empty milk cartons for the children's use, as well as educating the children about the UNICEF program.

The Police Department, who provided escorts and help where needed. The National State Bank of Elizabeth who took on the mammoth task of counting the many, many coins.

Mayor Philip DeVecchio for officially proclaiming October 31, 1962 as UNICEF Day in Springfield.

From the bottom of our hearts and for the children of the world your UNICEF Committee thanks you.

Mrs. L. Harris, Mrs. B. Josephson Mrs. A. Levine Mrs. W. Savarin Mrs. L. Atkin

Travelogues At Mill

Today's travel interest in the Orient is the pictures story of The Burton Holmes Travelogue, "Hong Kong," with Robert Mallett as host and narrator, which will be shown Sunday afternoon, November 11 at 3:00 PM.

Despite cramped conditions for inhabitants, Hong Kong is exciting for travelers. Its cosmopolitan character makes the visitor feel at home. Excellent hotels make good bases from which one may explore the manifold attractions of this bustling, teeming, turbulent city. Hong Kong, with neighboring Kowloon, are among the world's leading shopping centers, and the shops are loaded with goods from everywhere. Added to the tourist attractions, the films show the colorful celebration of the Queen's Birthday. The Tin Hau Festival is an amazing assembly of Chinese Junks, many surprising adventures will round out the film journey to this Cross Roads community of Hong Kong.

Springfielder Gets Patent

A United States patent, no. 3,049,534, was issued in August to Hyman Wallick, 231 Milltown Road, Springfield, for the discovery of the antibiotic novobiocin at the Merck Sharp & Dohme Research Laboratories, where he is a microbiologist.

Merck has been marketing the antibiotic since 1956 under the trademark "Cathomycin," but discovery of the drug was claimed by three other companies, resulting in a long legal struggle over patent rights. Novobiocin, available only on prescription, is used in treating some staphylococcal infections resistant to other antibiotics, including such conditions as blood stream infections, abscesses, and osteomyelitis. It is also used against some infections of the urinary tract caused by Proteus bacteria.

Wallick, a native of Providence, R.I., is a graduate of the University of Rhode Island and received his M.S. degree from Brown University in 1942. He joined the Merck Sharp & Dohme Research Laboratories in 1946.

Mr. and Mrs. Wallick are the parents of two children, Robert, 6, and Susan, 2.

Springfield Takes Foes To Retain League Lead

Irvington romped to an easy 7 to 3 win over Murray Hill. Elias Solomon and Roger Case of Irvington won all three of their matches and they played together in the doubles match where they also scored a victory. Solomon remains the only undefeated player in the league with 18 wins—and no losses. The next closest players are John Kilpatrick of Eatontown, William Gross of Newark, and Harvey Gutman of Union, all with two losses.

The Union, Jr.s. won a hotly contested 6 to 4 victory over Newark which had two upsets. Harvey Gutman beat former state champion William Cross, the number one Newark player, in two games. However, in a three game match, Harvey lost to the number two Newark player Ken Brause.

The following Brownies won prizes: Prettiest: Lauren Sarge, Troop 501; Most Original: Barbara Lies, Troop 364; Funniest: Barbara Vicedo, Troop 501; Troops 501, 346, 556, and Mrs. Solla's Troop, each won Troop prizes for the games. A new St. James School Brownie Troop, under the Leadership of Mrs. F. Solla, began the school year with the following officers: President: Paula Natello; Troop Scribe: Donna Solazzi; Treasurer: Patricia Lies. This troop meets at school on Thursday afternoons. Social Dance At Summit 'Y'

Election Day will be featured at the next Summit YWCA social dance, to be held on Saturday evening, November 10, from 9 p.m. until midnight. Votes will be cast to elect a belle of the ball on the basis of her popularity at the dance.

Good live music will be provided by the popular Mood-makers, and refreshments, new friends, and pleasant sociability are assured the single young adults who attend these semi-monthly dances. Young people are invited to come alone or with a partner. No previous reservations are required. A small contribution is asked to cover the cost of the evening's affair.

For further information about the Saturday night dances, phone Miss Mary Ida Gardner, Young Adult Program Director, at the YWCA-CR3-4242.

County Fair Contests Were Original & Fun

People who attended the Union County Fair, which ended a week's run at the Elizabeth Armory on Oct. 27, were fascinated by the money guessing contest held at the booth of the City Federal Savings Bank. A large fan blew a sum of money around in a cage and the visitors were supposed to guess the amount.

The result of the contest is equally fascinating. There were 6,000 entries and four people guessed the exact amount, \$335. Albert J. Callus, public relations officer for the bank, said the four people have been asked to come to the bank to guess the amount of change in an envelope to decide the winner of the portable television set.

The bank also gave away 11,400 cup and ball games and used 298 small trophies during the week. Another contest at the fair, for a one-week cruise in Florida for two awarded by Custom Cruises, Inc. of Keyport and Miami Beach, Fla., was won by Mrs. Florence James of Union.

Another bank exhibitor, Central Home Trust of Elizabeth, had visitors guess the number of pennies in a glass jar and two people, Mrs. Peter J. Schumer of Elizabeth and Stanley McCoy of Union, tied for the prize by coming within two of the correct amount of 1,596 pennies. They were each awarded a \$25 savings bond.

The Union County Trust Company gave away 7,500 bottle caps and the Elizabethport Bank and National State Bank each gave away about 5,000 cards with new pennies on them.

Singer Sewing Machine Company had 332 entries in its contest for a zig-zag attachment to a sewing machine and the winner was Mrs. Ellbacher, 201 North Lane, Clark.

Nilsen Detective Agency gave away 11,500 toy guns and balloons, fountain pens, key chains and perfume. In addition, about 12 to 1,500 small fry were finger-printed at the booth.

At the Bristol-Meyers exhibit, visitors were asked to guess the number of pills in a jar. There were 2,500 entries and Mrs. Evelyn Ramsey, 1467 Shirley Street, Plainfield and Jerome Stephens, 18 W. St. George Ave., Linden came within two of the correct number of 10,319. They were each awarded a \$25 savings bond.

A P Tea Company distributed about 4,000 coffee measurers a day, plus a large number of small coin banks to the kids and thirsty fairgoers were refreshed at the Seven-Up booth, which dispensed 3,500 cups of the soda each day.

Last, but not least, the Elizabethtown Gas Co. had one of the hit exhibits of the fair with its Gaslight Theater, featuring old-time movies. About 4,000 people witnessed the half-hour show. The company also gave away 4,500 hats and 500 balloons to the children.

Carbon Monoxide Stalks Every Winter Motorist

A killer that can be neither seen nor heard again is stalking his most common prey—the careless winter motorist.

"This odorless and tasteless killer is carbon monoxide (CO), a gas produced by the incomplete burning of a fuel. It works by entering the lungs and cutting off the supply of oxygen that must combine with a person's red blood cells in order to maintain life," according to Dr. Noah H. Sloan, medical director of the Allstate Insurance Companies.

Carbon monoxide strikes its victims in stuffy, unventilated places. A person sitting in a tightly closed automobile, subject to a large dose of CO can be killed in as little time as five minutes, in some instances with no advance warning. Winter drivers particularly are susceptible.

CO can cause serious illness and even permanent brain damage. Safety officials suspect that in many traffic accidents, when drivers report they fell asleep or were extremely drowsy, they actually were suffering from CO poisoning.

"The only way to adequately guard against CO is to insure adequate ventilation," Dr. Sloan warned.

He said that motorists who warm up their cars in closed garages are inviting an attack by CO. "Persons with faulty exhaust systems are following an equally dangerous practice," Dr. Sloan added.

"There must be care while driving some compact cars which have air cooled engines," the Allstate medical director declares. "Here is an example of where a fluid coolant is not present, and heating in the passenger compartment is attempted by using heat from the exhaust system. Extreme caution and immediate inspection should be utilized when any irregularities are noticed in the heating system."

CO's danger signals are a tightness across the forehead, throbbing in the temples, headache, tiredness, weakness, dizziness, nausea, loss of muscle control and speeded up pulse and breathing.

To guard against becoming a victim of this killer, Dr. Sloan urges motorists to adhere to the following safety rules:

1. Never allow your automobile's exhaust system to become faulty.
2. Never start your automobile's engine in a closed garage.

You could lose every cent you have on your car or home! by having the wrong insurance

After you have an accident, it may be too late to discover you don't have enough liability insurance. In the United States last year, hundreds of car owners, most of them average people who consider themselves good drivers, had individual liability judgments exceeding \$100,000 rendered against them. How much liability insurance do you have?

After you have a fire, it's too late to wish your home insurance was up-to-date. If inflation has increased the worth of your home without your insurance being correspondingly increased, you may have to pay part of the loss out of your own pocket.

Protection Week

May we suggest you check up on your insurance right away? November 4-10, is Protection Week, a time for car owners, home owners, and businessmen to make sure they're really protected by insurance.

We'll be glad to analyze your insurance—to appraise accurately the present worth of your home—without charge. Call us today.
