### Evergreen Fire Fails To Burn Out Business

Firemen Fight Blaze In 18 Degree Weather; Parties Still Held At Popular Lodge

Fire last week at Evergreen Lodge, Springfield, has failed to seriously interfere with activities there and business is "going on as usual" according to James Brescia of Roselle, proprietor. Mr. Brescia, who leases the establishment from the United Singers, an organization of several singing societies with almost 600 members, reported that repairs are underway and will not hamper holiday events scheduled at the lodge. In fact, a party for 175 employees of Western Electric Co. Inc., Union, was held on the premises Tuesday night, he said. The innkeeper announced that damage was not as extensive as originally reported. However, in addition to carpentry work, tables and chairs will also be required to be replaced. The fire, which broke out Thursday at about 4 p.m., was caused by an oil burner, located near the bar. Mr. Brescia said that most of the fire damage was behind the bar. There was also considerable water damage to the ceiling in the dance hall and some of the ceiling blocks have come down, he said. Blackened walls of the back room necessitated washing and cleaning. The fire was confined to the main building

on the property in Evergreen Avenue. It was estimated that the frame structure was constructed in 1928 or 1929. When the fire erupted Thursday, Mr. Brescia and several patrons in the tavern area at the time tried to put out the blaze with fire extinguishers. Members of Springfield Fire Department assisted by some members of Westfield Fire Department fought the flames in 18-degree weather. Springfield Fire Chief Ormond W. Mesker was handicapped by the lack of Springfield volunteer firemen because of the hour. Two companies from Westfield and one from Union responded in the three-alarm fire. One of the Westfield companies under the direction of Chief Martin D. Burke participated at the scene while the other two fire companies remained on standby duty at the firehouse. It is understood the flames fanned upwards through the wall at the rear of the building and into a large loft above the main hall and tavern. The lodge has long been a landmark in this area for picnics and barn dancing. The site was recently considered for the location of a municipal pool with this idea later abandoned.

### Two Vote Against

## JEFFERY APPOINTED TO POSITION ON TOWN BOARD OF EDUCATION

### Term Ends In Feb. '64

Robert T. Jeffery of 14 Moller Avenue was appointed to fill the position of the late Board Member Howard S. Smith until February at the regular meeting of Springfield Board of Education Tuesday night in Caldwell School. The term expires in February, 1964 and the remaining one year of the unexpired term will be open in the February school board election.

Mr. Jeffery was appointed by majority vote of the board. The vote was six to two in his favor with Board Members Richard E. Werner and Alan R. Cunningham voting in the negative. Voting in the affirmative were Board President August Caprio, Vice President Benjamin H. Josephson, Joseph Bender, John C. Gacos, Frank W. Haydu, and Mrs. Sonya Dorsky. Board Member Werner explained that he was not in anyway voting against Mr. Jeffery personally, but was rather dissenting with the board's decision to fill the vacancy. He felt the action was not in order inasmuch as it was close to election time and the public should fill the vacancy. Giving a new member a position at this time without a function to serve would be giving that

person "an edge" over other prospective candidates and it would not be fair to them, he said. Board Member Cunningham did not offer comment on his vote. It was requested that the negative votes be recorded. Mr. Jeffery, who attended the meeting, was sworn in and immediately seated as a new member. He is 40 years of age and a graduate of Pace College with a BBA degree. He has also done graduate work in finance and business administration. He has a son and a daughter and has lived in Springfield more than six years. Mr. Jeffery was a candidate in the school board election held February, 1962. Mrs. Joanne Harback of Springfield was awarded a teaching contract, effective January 1st, 1963. Mrs. Ruth S. Libby was approved as a substitute

Authorization was given for Superintendent of Schools Benjamin F. Newswanger to attend the national convention of the American Association of School Administrators at Atlantic City from February 16 through 20 with expenses paid. A request was received from Springfield Township Committee for the use of Gaudineer School on Saturdays beginning possibly in February for a girls' program under the direction of the Recreation Commission. A tentative program of activities to include possibly sewing, cooking, ballet and fine arts is being considered. The board agreed that it was interested in such a program and would like to co-operate but wanted more complete details

before giving consent to the project. The report of Superintendent of Schools Newswanger for November listed attendance for the month at 94.8 per cent with enrollment totaling 2,225 distributed in the schools as follows: Caldwell, 428; Chisholm, 243; Walton, 338; Sandmeier, 501; and Gaudineer, 715. He also noted that use of the school libraries is increasing. Announcement was made by the superintendent that the open house program was a complete success with the attendance of parents reaching an all-time high with 2,367 registered for the open house held in the schools November. ## It's 'Our' Pond

Rec. Dept. To Oversee Skating

Springfield Director of Recreation Edward J. Rudy announced today that representatives of the Union County Park system have agreed to permit Springfield Recreation Department to have control over its skating pond off Miesel Avenue. Director of Recreation Rudy hailed the decision as a step in the right direction for maintaining order and supervision at the skating pond and announced hours for skating at the location. This agreement was achieved through the continued efforts of Springfield Township Committee Arthur Falkin, who is the township committee's representative on the Recreation Commission. The decision was reached following negotiations with Union County Park Superintendent of Recreation George Cron and Rudy Krestan, general superintendent and secretary of the Union County Park system. Since the skating pond was opened several years ago, Director Rudy called attention to the difficulty that has arisen in supervision, pointing out that the local authorities had no jurisdiction over county police officers assigned to the site. Director Rudy stresses that now the Springfield Recreation Department will assure supervision and policing at the pond during the specified skating (Continued on page 2)

### Legal Correction

An ordinance consisting of thousands of legal-type words can be a complicated affair and occasionally, in spite of our most careful attention, an error occurs. Last week in our LEGAL NOTICE columns, a small, but very important, part of an ordinance was left out of the text. This section gave notice that a public hearing was to be held on December 21st at which time the revised ordinance for a Swimming Pool in Springfield would be presented. The ordinance appeared, but no notice of public hearing was included. This week the LEGAL NOTICE has been published in full. However, because of last week's error, the date for the public hearing has been postponed for one week. Therefore, it should be noted, this hearing will take place at 8:00 P.M., DECEMBER 29, rather than December 21st as originally planned. Please also take note that a regular meeting of the Township Committee will be held at 9:00 P.M. on Friday, December 21.

**Volunteers Attend 9th Convention**

Seven volunteers of the Springfield Red Cross Chapter attended the ninth annual Red Cross Delaware - New Jersey Regional Conference held November 30 - December 1, 1962 at the Chalfonte - Haddon Hall Hotel in Atlantic City. Delegates from the Springfield Chapters were John C. Gacos, Chapter Chairman; Mrs. Carl Ledig, Chairman; and Mrs. Harry Quinzel.

The theme of the conference was "Red Cross In Step - Today and Tomorrow". Red Cross Volunteers and Staff not only received inspiration for their work but also attended workshops to hear about the latest techniques in all the services offered by Red Cross.

The keynote address Friday night given by Thomas N. Stainbeck, President of the Chamber of Commerce, Jersey City, N.J., was excellent. Mr. Robert F. Shea, vice-president of the American National Red Cross was the dinner speaker Friday evening. He spoke from his broad background of Red Cross Service. After the dinner the delegates were entertained by a group of Hungarian girls and boy scouts from Passaic, N.J., who performed Hungarian folk dances.

The luncheon speaker on Saturday was Mr. Samuel Kriukow, Director of International Activities, American Red Cross. Mrs. Ralph S. Doubleday of Millburn, N.J., a member of the National Red Cross Board of Governors, was Chairman for the Conference. The success of the Conference was due largely to her efforts and the enthusiasm of the delegates.

**A Thank You Donate Playroom**

Dear Members and Friends: Greetings!

I am reminded of the words of the Apostle Paul who said: "This one thing I do, forgetting those things which are behind, I press forward..." Obviously, the ability to see the future as meaningful experience is to put oneself in the position to say something about the past. It is only from our knowledge of past experiences that we are able to cope with future challenges.

No, we do not propose to revel in past glories, that would be empty gesture. Neither do we propose to lament past failures, that would be utter calamity. We desire only to give thanks to Almighty God who through the agency of the Holy Spirit, has blessed us these past twelve months and has enabled us to do that which at one time seemed remote and impossible.

I am especially grateful to you and to the Lord, for that power which has caused us to venture forward in our program to build a larger Antioch Baptist Church in this community. My prayers are that we will have both the vision and the fortitude to see this project through to its rightful conclusion. To date our receipts for the building program have exceeded the \$8,000,000 mark. With God's help, it is our hope that next spring will see us breaking ground for our new edifice.

Let me take this medium to thank you for your liberal donations, especially those of you who contributed unsolicited, it is very comforting to know that there are so many people in this community, who believe in building the house of "the Lord" in that they will seek opportunities to subscribe, let me say in the words of Tiny Tim, "God bless you, every one."

May the Lord be yours throughout this Christmas season and the coming Year.

Reverend Laban G. Wellington.

A (refurnished) playroom, complete with approved educational toys safe for mentally retarded children was donated to the John E. Rannels Hospital for Chest Diseases, Berkeley Heights, New Jersey, by the Ladies of UNICO of Springfield. The room, to be completed next year, will be paid for by a check in the amount of \$1020, given to Dr. Eugene Nargiello, Superintendent and Medical Director.

Mrs. Fred Puorro, President of Ladies of UNICO of Springfield, presented the check to Dr. Nargiello; the money was raised at the group's extremely successful Annual Ball held last month at which Mrs. Joseph Principe of Mountainside was Chairman, Dr. and Mrs. Eugene Nargiello were guests of honor. The Springfield Chapter of the Ladies of UNICO has a roster of only 20 members; however, Mrs. Azeglio Pancani, Vice-President, said that every member is an active one and always most willing to participate in fund raising affairs for children. Previously the club's activity centered about St. Walburga's Orphanage in Roselle. With the closing of the Orphanage, the Ladies of UNICO, have sought other areas in which to extend their efforts for children. Dr. Nargiello expressed his appreciation to Mrs. Puorro and indicated that a plaque would be placed on the wall of the room when it is completed, in honor of the Ladies of UNICO of Springfield. Mrs. Vincent Bonadies, also of Springfield, was unable to attend the check presentation due to illness.

**Hadassah Plans Hanukkah Party**

Springfield Chapter of Hadassah will hold its annual Children's Hanukkah Party on Thursday evening, December 27 at 8 P.M. at Temple Beth Ahm.

Mrs. David Schwartz, president, urges all members to bring their children or grandchildren to this festival of lights party.

The Hanukkah festival commemorates a crisis in Jewish history - the successful struggle for religious freedom. The Hanukkah Menorah, that familiar nine-branched candelabra, is the cherished symbol of this holiday. The Hanukkah celebration takes on deeper meaning in our day. It inspires us today with renewed courage to fight for a just world as did the Maccabees of 2000 years ago.

hours. An endeavor will be made to maintain order at the site and give all the youngsters a fair chance to skate, he said. An effort will also be made to increase the night illumination at the location, he added. Lights are already installed at the pond.

In addition to receiving permission to be in charge of the skating pond, the township has also received the responsibility of its maintenance, Mr. Ruby said. Visitors are therefore urged to assist in this operation by not throwing stakes, rocks, or bottles in the area. Skaters are reminded not to go on the ice when "no skating" signs are posted since using the ice when it is soft cuts it up and establishes a rough surface when it refreezes.

Last Friday, the fire department co-operated in the skating effort by flooding the pond to make a smooth surface.

The practice of posting skating signs at the location will be continued, Director Ruby said. When there is skating at the pond, the hours will be as follows: During the school holiday vacation and weekends, 9:30 A.M. to 12 noon, 1 P.M. to 5 P.M., and 7 P.M. to 10 P.M. Weekdays other than the vacation period, from after school to 5 P.M. and 7 P.M. to 10 P.M.

The board's plan to have an outside telephone installed at Chisholm School was referred to Board Member Joseph A. Bender for further study. The board had planned to have an outdoor telephone booth erected at the school and the Planning Board has suggested that a wall-mounted, walk-up cubicle might be installed at the location instead. The matter will be explored further before a decision is reached.

utilization of such materials. "An attempt is being made to establish an Audio-Visual Committee drawn from the fields of education, psychology, public health nursing, etc. to provide as wide a base as possible for the evaluation of audio-visual materials in the field of mental retardation.

"It is anticipated that this Audio-Visual Committee would hold its meetings at Newark State College and utilize the equipment available at that institution. Evaluation procedures would include assessment of the professional soundness, presentation, technical excellence and training potential of materials submitted to the Committee. It is anticipated that the Committee would meet approximately four times a year."

In seeking Mr. Bonadies assistance on this committee, Dr. Charney wrote: "Your personal and professional qualifications will be of valuable assistance in enabling this Committee to contribute to the field of mental retardation."

Others who have indicated that they will serve on the Committee are: Joseph Kohn, Assistant Executive Director of the New Jersey Commission for the Blind; A. **Sub Junior Women Mark Achievements**

The Springfield Sub-Junior Women's Club is in its second year of organization. The Club's basic purpose, in accordance with its patron, the Springfield Senior Women's Club, is to be of service to others. Last year the Club donated a portion of its earnings to Douglass College, as part of a state-wide project. The members also gave of themselves by donating their finished craft projects to various hospitals, where they could be utilized. This year the girls, who are all of high school age, plan to entertain institutionalized orphans with a party of their own planning and execution. To finance the party favors, prizes and refreshments that will be necessary and to build a fund for future projects, the club will hold a cake and cookie sale on Saturday, Dec. 22, at the Grand Union, starting at 10 a.m. With your support, this endeavor will certainly be a success.

Future projects are being planned, and their success eagerly anticipated. You can look for the Sub-Junior's booth at the Senior Women's Club fair in March. The proceeds from this project will be used to benefit persons handicapped by amputations.

If any high school age girls from Springfield are interested in becoming members of this group, they may obtain application forms from either Joan Metzner or Joyce Lehre, at Dayton Regional.

## A. Scala Elected Hospital Prexy

Anthony Scala, vice-president of Tung-Sol Electric, Inc., and founder of their Chatham Electronics Division, which has been elected President of the Board of Trustees of the Saint Barnabas Medical Center, Newark, New Jersey. Mr. Scala succeeds Lee A. Chambliss, who continues as a Trustee.

The Board also announced the election of General Charles Hodge, a partner in the Wall St. investment-banking house of Gore & Forgan, as Vice-president of the Board; the position previously held by Mr. Scala. General Hodge is General Chairman of the hospital's campaign to build their new \$14,600,000—prototype—medical

center in the West Essex area. The new 600 bed Saint Barnabas is rapidly nearing completion as one of the world's most unique-medical complexes.

Mr. Scala, in his acceptance speech before the Board of Trustees, stated that he felt "Communities throughout the United States are completely unprepared to serve their residents medically in the event of nuclear fallout. With this in mind," Mr. Scala maintained, "Saint Barnabas will be happy and privileged to share the floor plans of its Atomic Age hospital with any medical group, community or hospital anywhere in the free world. There is no community that cannot afford to have this vital protection."

The new Saint Barnabas, a non-profit, non-sectarian general hospital, features a concept of hospital design that can be applied to any health facility; regardless of its size. The plans which Mr. Scala has pledged also include a 5 acre, two floor, underground area, which is completely nuclear fallout-proof, and can function as a totally self-sufficient general hospital serving 1,000 people for as long as necessary. The concept and execution has been designed with

the aid of the Department of Civilian Defense. He stressed that this vast area will be fully utilized in the regular day-to-day operations of the hospital and would be converted to a shelter hospital only in case of an emergency.

The 45 year old Mr. Scala, who for over a generation has been known as a "boy wonder" in the Electronics Industry, also declared he would insure "every patient the dignity the average hospital patient usually loses in many of today's institutions. I abhor the word 'institution' when applied to a hospital. I abhor it even more that so many hospitals unfortunately deserve this appellation. I pledge unequivocally that the new Saint Barnabas Medical Center will never accept, tolerate nor deserve this description."

Mr. Scala, Founder and President of Chatham Electronics at the age of 25 and considered one of the leading innovators and administrators in the electronic industry, praised his predecessor for the "many years of dedicated service that he has performed for the hospital."

General Hodge is reaffirming the hospital's administrative policies, stated before the Board. "Contrary to common practice, Saint Barnabas, which is the state's oldest general hospital has operated in the black for the past eleven years without once every sacrificing its high level of patient service and integrity. We pledge that those same concepts shall be utilized and enlarged upon to insure even greater service along with the alleviation of patient dignity at the lowest possible costs."

**Eugene J. Kirk To Bid For Re-election**

Eugene J. Kirk for re-election to a second five-year term as Union County Surrogate next year.

He thus became the first avowed candidate to throw his hat in the ring for one of the posts to be filled in 1963 by Union County voters.

Surrogate Kirk was elected to his first term in 1958 and became the first Democrat to hold the office in the county when he took over the duties November 17th, 1958. He succeeded Charles A. Otto, Jr., who held office for 25 years.

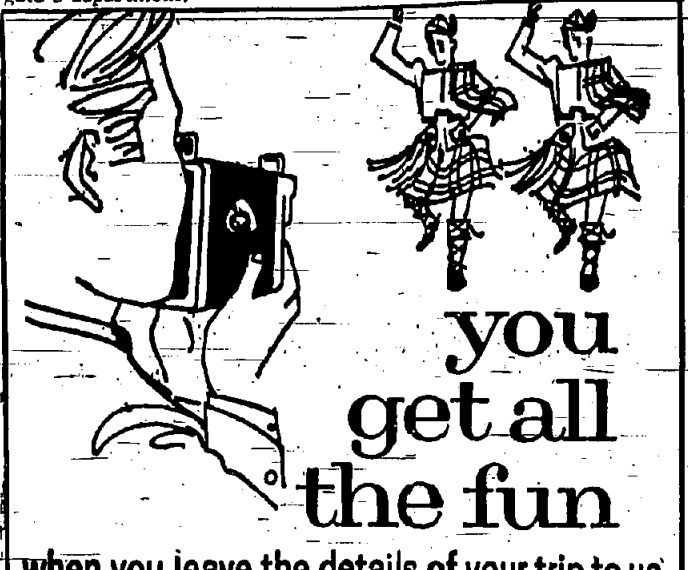

He has completely modernized the office; one of the important county governmental agencies.

One of the first, and among his most important achievements, was to turn over to the general county treasury more than \$63,000.00 in unclaimed funds in his office. Some of these funds remained unclaimed since 1907.

He instituted many other changes which brought laudatory comments from lawyers and clients alike for prompt processing of estate and other matters that are handled by the Surrogate's department.

His early announcement for a re-election bid was the direct result, he said, of many requests urging him to seek another term. He expects the indorsement of James J. Kinneally, county Democratic chairman, and other party leaders, who urged that he become a member of the county Democratic ticket next year.

Surrogate Kirk said circulation of petitions in his behalf also begins today.

Lord, make me an instrument of thy peace; where there is hatred, let me sow love; where there is injury, pardon; where there is doubt, faith; where there is despair, hope; where there is darkness, light; and where there is sadness, joy.

Grant that I may not so much seek to be consoled, as to console; to be understood, as to understand; to be loved, as to love; for it is in giving that we receive, it is in pardoning that we are pardoned; and it is in dying that we are born to eternal life.

## Beat High Schools!! Deerfield School Team Chalks Up 6-2-1 Mark

The Deerfield School soccer team, Mountainside, with six wins, two losses and a tie, recently completed its ninth consecutive winning season under head coach Oliver Deane. A big fast line, led by high scoring center forward Ted Duda, and outside right Tom Banach and backed up by aggressive inside Fred Perma and Dick Albu kept continual pressure on the opposing goalies. Two outstanding halfbacks, Jim Hambacher and Captain-elect Don Robertson led the defense and backed up the offense. Fullback Gary Brannin and goalie Blake Johnstone excelled on defense.

The team seemed to play its best when the opposition was the strongest. The highlight of the season was a 2-1 win over a Ho-Hokus team that was completing its third undefeated season in a row. A 3-1 victory over the Chatham Township freshmen and a 1-1 tie with the Governor Livingston Junior Varsity were other high spots. The two losses, to Clark and Watchung, were avenged by earlier victories over these teams.

The outlook for next year is not rosy, with the entire starting eleven graduating in June. Seventh graders Billy Heller, Rob Collins, Paul Kozak, Ronny Resnick, Bob Ruff, and Mike Hartnett must be counted on heavily.

### Plains Loses Tough One

# Conference Toss-Up Brings Back Visions Of Grid Predictions

By CY JAMES.

Watching Conference sports followers must be tempted to sing a few bars from that old refrain about "I think I've heard that song before..." as pre-season prognostications on the conference's basketball race have Westfield High rated as the favorite, with Scotch Plains and Springfield Regional, the leading threats to the defending conference champions.

This was the same story during the recently concluded football season, with Westfield, the pre-season favorite, forced to settle for a co-championship with Scotch Plains as the teams battled to a scoreless tie. Springfield, which tied for third, almost spoiled Scotch Plains' title bid before bowing 9-6 on the strength of Haywood Gipson's last-period field goal.

Playing at home last week, Springfield and Scotch Plains opened their Watchung Conference schedules in opposite fashion. Scotch Plains dropped a heart-breaking overtime decision to a defensively strong Hillside quintet that is regarded as a "dark horse" contender for the conference title.

Springfield's victory over Clark Regional hardly was unexpected. The Bulldogs, making their basketball debut as a conference member, handed Clark Regional its 22nd consecutive loss.

The opening-game victory gave Springfield an early jump on Westfield, which opened its season against a non-conference foe, Plainfield, with an easy victory.

There's one big reason why Westfield has been made the pre-season favorite for Watchung Conference honors. That could only be 6-10 Bob King, the county's tallest schoolboy basketball player, who is playing his third varsity campaign. He scored 38 points against Plainfield.

Bob can shoot and rebound with the best of them. He certainly will be the key to Westfield's success or lack of it. When Governor Livingston Regional High of Berkeley Heights stymied King in the county tournament last spring, the unseeded Highlanders walloped top-seeded Westfield in one of the greatest upsets in tournament history.

King, who led Westfield to the Group 4 State championship final last spring, has two lettermen from last year to help him out, Bob Whitaker and Doug Carver. Westfield also has a 6-5 sophomore, Bob Felner, in its starting lineup and undoubtedly will field the biggest team in the Watchung Conference.

Scotch Plains, which surprised by reaching the county tournament semi-finals last spring, has no one as big as King or Felner in its lineup, but the Blue Raiders have a veteran squad for Coach Chuck Dettmar to work with.

Scotch Plains-Fanwood has good overall height, but lacks a standout performer. Balance is the Blue Raiders' strong suit, with a trio of 6-3 performers, Richie and Robby Smith, twin brothers, who are good jump shots and rebounders, and Henry Reader, an exceptional rebounder with tremendous spring, providing the height.

The Raiders' backcourt contingent is small, but exceptional. Tom Rutishauser, the crack quarterback, who is 5-9, and Art Coon, 5-7, are fine ballhandlers and tops on defense. Rutishauser also is a good driver and a top-notch outside shooter.

Scotch Plains-Fanwood also has strong reserves, headed by three letter winners, Andy Mytinger, 6-0, Steve Baksa, who stands 6-2, and Ken Durelle, another six-footer.

The Blue Raiders surprised Westfield in football and they could do it again on the basketball court. They get their first chance tomorrow night in the Scotch Plains gym.

Springfield Regional, which is replacing Roselle Park High in the conference, couldn't be making its conference basketball debut at a more propitious time. Coach John Swedish expects to have the most successful team in his seven years at the helm of the Bulldogs.

Swedish has good reason to be optimistic. He has four returning starters from last season, along with a standout sophomore who will round out the regular five.

Top player on the squad is 6-11 Dave Bonislawski, who placed the Bulldogs in scoring last season with 346 points. Bonislawski can drive, has a deadly jump shot, and is a strong rebounder. He scored 26 points against Clark.

But Bonislawski isn't the Bulldogs' only stickout. Capt. Jack Apgar, although only 5-8, will be among the best backcourt performers in the conference. His driving ability also makes him an offensive threat.

Junior Bill Kretzer, 6-6, is the man Swedish is counting on for strong rebounding. If he improves as rapidly as expected, the Bulldogs will be a real threat to beat out Westfield and Scotch Plains for the crown. Kretzer has the speed needed to fast break and is accurate on shots from around the basket area.

Teaming with Apgar in the backcourt will be 6-0 Dennis Francis, who will help out in the rebounding department.

Keith Neigel, a 6-2 sophomore who starred on last season's freshmen team, is being counted on for regular duty with the Bulldogs' holdovers. He provides rebounding strength and a scoring threat with a fine jump shot.

Frank Monticello is the top reserve. Others who will see considerable action are Bruce Ledig, Jeff Anderson, Steve Berger, Gary Faucher, Steve Arnold and Jim Lies.

Of the other conference teams, only Hillside figures as a title contender. The Comets have a veteran team but lack height. Cranford, a perennial contender, has only one letterman and is hampered by double sessions which prevent sophomores from playing.

Rahway also has only one returning starter and little height. Clark Regional will be improved, but when you've lost 22 straight there's plenty of room for improvement. Roselle years for its bygone championship days with only one letterman and a serious height deficiency.

### 60-50 Over Clark

# 'BONO' BEGINNING WHERE HE LEFT OFF AS DAYTON WINS

By ARNOLD MINIMAN

Paced by Dave Bonislawski's 26 points, the Springfield Regional Cagers under Coach John Swedish rallied for a 60-50 victory over Clark Regional Friday night to begin the 1962-63 basketball season. The game was played before a highly enthusiastic crowd at the Dayton gym, and marked Springfield's first attempt in Watchung Conference competition.

On Tuesday a lightly regarded Rahway Eive downed highly touted Springfield Regional 50-48 on a last second jump shot. With Indians ahead 48-46, Bulldog Bill Kretzer, with a layup with four seconds remaining. The following play saw the Indians score from the floor at the buzzer but a check at the official scorer's table indicated that the electrical buzz had gone off prematurely and so the winning goal counted.

The Rahway Jayvee also took the measure of their Springfield counterparts but it took them four overtimes to achieve this.

Jack Apgar was high man for the losing Varsity with 19 markers. Dave Bonislawski was next in the losing effort with 13 points to his credit.

Springfield's exciting starting five of Bonislawski, Jack Apgar, Bill Kretzer, Denny Francis, and Keith Neigel obtained a quick 2-0 lead on a Bonislawski layup on 3:19. Denny Francis hit for 6 points on 3-7 shooting, and Apgar added 9 while Neigel had two points.

Clark pulled ahead 3-2 before a foul shot by 'Bono', a jumper by Kretzer, and a layup by Francis made it 7-3. The Crusaders pulled within 4 points again towards the end of the period on a jump shot by Rich Gurry, but a bucket by Kretzer and two layups by Bonislawski gave the Bulldogs a 17-8 margin at the quarter. Dave then hit two more shots to begin the second period to give Springfield a commanding 21-11 mark, but Clark outscored its opponent 13-8 during the remainder of the half, and went to the dressing room trailing 29-24.

A side-set shot by Apgar opened the third quarter, but Clark then reeled off 8 consecutive points to go ahead, 32-31. Jack

hit again on a jumper to regain the lead, but a shot by Bill Prish put the Crusaders ahead once again. But this was to be the last Clark lead, as Kretzer hit on a layup and Bonislawski poured in four markers to give the Bulldogs a 39-35 margin going into the final eight minutes.

Clark had its hopes of an upset shattered early in the final period, when layups by Bonislawski and Francis gave Springfield an eight point margin that was never threatened. Bill Kretzer's nine point spurt, and the superb ball handling of Jack Apgar, that broke the Crusaders' press without fail, led to the eventual 60-50 margin. Kretzer fouled out with a minute left, and departed from the floor amidst a fine ovation.

In the junior varsity contest that preceded the main event, Coach Ray Yanchus' Bulldogs got off on the right foot with a 56-45 victory over the Clark J.V. Dave Deopkin was high scorer for Springfield with 18 points, and teammates Alan Greenberg and Bob-Robe added 14 and 10 points respectively.

Bulldog Barks Bonislawski put on a remarkable show in the first half, hitting his first seven field goal attempts. His overall figures were 11-19 from the floor, and 4-8 from the foul line. Kretzer had a fine night both offensively and defensively, scoring 17 points

# Boro-Boy Gets Deer Heights Cagers Whip Neighbors In '62 Opener Over Summit 59-54

Monday, December 10th, the first day of deer season, James Herrick Jr., the 16-year-old son of Police Sergeant and Mrs. James Herrick Sr. of 137 Parkway, Mountainside, shot a nine-point buck while hunting in the vicinity of Morrisown.

The youth, accompanied by his grandfather, Neil Clark of New Brunswick, felled the animal with one shot. James, who has been hunting since he was 10 years old, shot his first deer, an eight pointer, when he was 14 years old. This was his second. The game was hung in a tree in the backyard at the home address.

He and his grandfather were hunting with two others. Mr. Clark was the first to get a deer, a four-point buck, at 7:05 A.M. James was shot about noon. Nothing else was shot by the hunting party.

The first deer which the youthful hunter shot, was mounted. It was reported that the meat from this one will probably be given to friends.

Riding the crest of a tension-packed, come-from-behind victory over Summit High's strong squad last Friday, Governor Livingston Regional High School's basketball team was hopeful of closing out the 1962 phase of its season with a perfect record.

The Highlanders were slated for two games this week. They played at Piscataway High School last Tuesday and will be host to neighboring Watchung Hills Regional here tomorrow night.

Piscataway dropped its opening game to New Providence by 15 points in a rugged contest. The Braves will present a greater problem on their home court, but the Highlanders should prevail.

Watchung Hills should present a real test for Coach Don Wodock's cagers. The neighbor-

ing rivals put on a pair of ding-dong scraps last season and tomorrow night's contest could be another one.

While Governor Livingston was disposing of Summit, 59-54, Watchung Hills was equally impressive in downing Bound Brook, a perennial basketball power, 65-56, in a Somerset County League contest.

The Warriors have three scoring threats in Stan Benham, Pete Sorg and Larry Reid. Benham and Sorg gave Bound Brook's defense fits with their driving tactics. The trio of Warriors will have to be held in check if the Highlanders are going to win. Governor Livingston showed a balanced scoring attack against Summit, with Lynn Nesbitt, Dave Jubanowsky and John Adamiak all scoring in double figures. This contest could attract the second capacity crowd of the season to the Governor Livingston gymnasium.

The fans were overflowing the court for the Summit-Governor Livingston battle and they were treated to a real thriller. Summit had won the four previous games between the schools and held a slight lead through most of the first three quarters.

Summit led 14-13 in the first period, 30-27 at halftime, and was still on top 43-41 going into the final period. The teams matched points until the score reached 50-48 with Summit ahead.

Then Jubanowsky, the only newcomer on the Highlanders' starting five this season, ignited an 11-point surge that carried Governor Livingston to victory. Dave pumped in a jump shot to

DAYTON MENTORS—Herb Palmer (left) and Jerry Sachsel will again hold the coaching reins of the Dayton Regional Wrestling team.

Wrestling season is just around the corner and once again students all over the state ranging from 98 pounds and up are trying to "play" the game. "Make That Weight," Springfield Wrestling coach Herb Palmer's hopes for the upcoming season are based on how well his grapplers play this game. A quick glance might have someone asking himself why Coach Palmer should worry at all, with six of his twelve starters returning to the

Dayton mats this year things could be a lot worse. But there are a lot of question marks between the 115 pound and 168 pound weight classes that have to be answered.

The 98 pound class, or lead-off spot will be filled by sophomore Jeff Karli4. John Gardella seems to have the edge over Ernie Furcher at 106. Two lettermen, Pete Puntingam and

Richie Lucaziello are battling it out at 115. The loser will wrestle at 122 pounds. Ronnie Puorro will be at 129, and Paul Isenburg has the edge over Mike Geoghan at 135. Tom Baker and Bob Kaiser are fighting for the 140 pound position. If Baker wins, Kaiser will challenge at 147, and if Kaiser wins, Baker will drop to 135. Bob Haas has his sights on the 147 pound class, and Larry

Bellon will be at 156. Richie Basta and Harvey Goldberg lead the candidates at 168, and veteran Tom Venice will wrestle at 177. Richie Bittle and John Supak are the heavyweight prospects. Regional has been invited to participate in the one day Hunterdon Central Invitation Wrestling Tournament, on December 29th, in Flemington, New Jersey. Joining Springfield in the tournament will be Bound Brook, Collingswood, Hunterdon Central, Southern Regional, North Hunterdon Regional, Westfield, and Free-neck.

After this tournament, the Bulldogs will open the regular season against Plainfield at home on January 2nd. The team will have 11 more matches before the "stricts," which will be held once again at Springfield. Of the returning grapplers, Ronnie Puorro and Rich Lucaziello took second places in the Districts last year, and Pete Puntingam, Tom Baker, and Tom Venice took thirds. Wrestling at Springfield Regional should provide many thrilling moments this year, and the boys deserve the support of the local fans.

tie the score with only minutes to play. Adamak and Nesbitt followed with jump shots and Governor Livingston was in front, 54-50. Brent Cronwell closed the gap to 54-52, but Bob Clarkson converted three free throws to clinch the game. Bill Ritchie cut the Highlanders' lead to three points before Jubanowsky closed out the scoring with another basket.

Nesbitt, the greatest scorer in Governor Livingston's brief basketball history, tossed in 21 points and did his usual fine job of rebounding to lead Governor Livingston to victory.

Jubanowsky exceeded Woodcock's greatest expectations with a sparkling 15-point performance, including two clutch baskets. Adamak finished with 10 points, just two more than Bob Heuer. Clarkson accounted for the other five points. Meredith Rice was the only other Highlander to see action.

The victory marked the first season opening win in three years for the Highlanders and also gave them the early lead in the unofficial Summit Area race.

Christmas Rose—DEDHAM, Mass. (UPI)—Legend holds the Christmas Rose, a winter blooming plant, first sprang up from the tears of a little girl who cried because she did not have a gift to offer the Christmas Child. The child picked the flowers and while kneeling at the crib Jesus' hands touched the petals and they turned a delicate pink. The legend is related by Rust Craft in its "legend series" of greeting cards.

**Science Notebook**

All sorts of curious legends about animals arise in the misty past of history and come down to us to be proved, disproved, or merely hang-fire to be temporarily forgotten. An odd story concerning bird "anting" appeared off and on for the last sixty years, especially in the British press. The accounts came from people in various parts of the world who have observed birds placing ants among their feathers.

At first the stories were looked upon with scepticism, but being

the skin; that the ants are stowed away as food for long flights; that the action of the ants or their formic acid serve as a pleasurable stimulus to the birds, or that the smell of formic acid is agreeable to birds—as is catnip to cats.

The most logical conclusion is that the birds use anting for getting rid of vermin. However, H. Roy Ivor of Canada, and Maurice Burton, a British zoologist, are definite in believing the habit is not for this purpose. So if you are a

bird-watcher, you might watch your birds more closely and find out what this is all about.

**SCIENCE QUIZ**

Questions sent to Hans Klein in care of this newspaper will be answered in the science quiz.

1. Are the British or the Americans more curious about natural phenomena?  
2. Do wild birds usually have parasites?  
3. Do birds have a sense of smell?  
4. Do birds like to fly through smoke?  
5. Is it true that birds start fires?

**ANSWERS**

1. In the past the British seemed to have been. Bird watchers, insect collectors, and pet-fanciers are not considered so odd there.  
2. Many, if not all, have parasites at some time.  
3. Yes, but most birds have a poor sense of smell. One exception is the Kiwi of New Zealand, a long-beaked, nocturnal bird which seeks its food by smell.  
4. Birds have often been observed to have odd habits, and there are numerous reports of birds flying repeatedly through chimney smoke or being attracted to smoldering logs.  
5. Birds have been accused of this. Birds have been seen picking up bright objects and lighting cigarettes; the latter, if taken to their nests, could start fires.

## "South Pacific" To Open

"South Pacific," probably one of the most popular musicals of the last three decades, will open at the Paper Mill Playhouse

**MILLBURN**  
New Playhouse  
William Holden  
"THE COAST GUARDIAN"  
TAILORED  
Hugh Griffith Technicolor  
Audrey Hepburn  
"Breakfast at Tiffany's"  
George Peppard Technicolor  
Starts Tuesday Dec. 25th  
Big screen week show  
Walt Disney's Technicolor  
"Lady and the Tramp"  
"Almost Angels"

in Millburn on Wednesday, December 26.  
Betsy Palmer, famed TV performer, will star as Ensign Nellie Forbush assigned to a South Pacific island where she finds love. Curiously, this is Miss Palmer's second role as a nurse on a South Pacific island. The first was when she played a nurse in the movie version of "Mister Roberts" with Henry Fonda.

"South Pacific" will be Miss Palmer's third musical. Several seasons ago she toured the Midwest as Lorelei Lee in "Gentle-

men Prefer Blondes". Critics agreed that although Miss Palmer was delectable she was not quite as raucous as Lorelei was supposed to be. "She is," one critic said, "too much of a lady and she can't fight it."  
Miss Palmer's second musical was "Maggie", produced in the 1962 spring season at the Paper Mill Playhouse, operated by Laurence Feldman, co-producer at the Paper Mill with Frank Carrington.

"South Pacific" was directed by James Hammerstein, son of the late Oscar Hammerstein 2nd, lyricist and author of the musical.

## FESTIVAL OF LIGHTS

Rabbi Reuben R. Levine

BY RABBI REUBEN R. LEVINE  
TEMPLE BETH AHM, SPRINGFIELD

The sages of Israel pointed many generations ago: "On each candle its flame to many others, but in its own light is not diminished."

The kindling of lights is the most important act in the observance of Hanukkah. Technically this fulfills the command of publicizing and commemorating the victory of 165 B.C. when a small guerrilla army of Jews routed the Syrian mercenaries who had invaded Palestine and seized Jerusalem. Spiritually, however, the act of kindling an additional candle nightly for eight days symbolizes the way righteousness is boldly executed, can be an inspiration of past generations, and thus ensures the heart of the present, and that the light of the past can be transmitted from individual to individual.

No generation is without its heroes. The world is always in need of those who will stand up to the forces of tyranny, as well as to the insidious elements of selfishness, greed and dishonesty that are harbored in varying forms in every society. If we only have each one of us contains a spark of heroism and allow it to be kindled, a flame of effective thought and action, it could become beacons to others in the important work of improving our troubled world. Hanukkah bears no relationship to Christmas. It is only coincidental that they usually close to each other on the calendar. Yet their messages are compatible. This is the commemoration of a people's struggle for religious liberty and the other recognition of the origins of a faith that calls for the establishment of peace and good will.

It remains the responsibility of all Americans regardless of their religious persuasion to allow the message of their faith to influence their lives, so that each person can be a flame which will transmit the light of inspiration to others, and illuminate the path of righteous living for all men and nations.

# Overlook Employees Adopt "Christmas Child"

The Overlook Hospital "Family" has a very special Christmas present this year - a new "son" of its very own.

Overlook's employees this year decided to celebrate Christmas by contributing \$50 each to adopt a child under the Foster Parents' Plan. They are now officially the foster parents of Poon Sin Ming, a ten-year-old boy who lives in Hong Kong, China.

Sin Ming, as he is called (Poon is the family's last name - written first in China), is a fine intelligent boy from a poor but hard-working family. His parents fled Communist-dominated Canton in 1949.

They now live in a 9 1/2 x 12 1/2 foot cubicle in a Government Resettlement Block - Sin Ming, his mother and father and two sisters. Their only furniture is a bed, a couple of tables, four stools and a meat locker. The children sleep in a big community-loft.

Sin Ming's father is industrious, but with little education. He has worked in a dye factory, then as a kitchen helper, and now is an unskilled worker in a steel plant - making \$25.38 a month. This meager income is increased slightly by Sin Ming's mother, who makes plastic flowers and gloves at home, bringing in another \$7. On this total of \$32.38 a month, the Poon family tries to live.

It is easy to see what Overlook employees' gift of \$15 a month will mean to the Poon household, and particularly to Sin Ming.

With this \$15 a month, which is all it costs to be a foster parent, the Plan will send Sin Ming a cash payment of \$8 a month and supplies of food, clothing, and medical care. Sin Ming can return to second grade, able to pay the tuition of \$1.06 a month.

Sin Ming will receive schooling at least until he is 16 years old,

possibly 18 if he decides on special vocational training. Perhaps the family can afford to send his sisters, Sin Wai and Sin Shun to School now that Sin Ming's needs are being cared for.

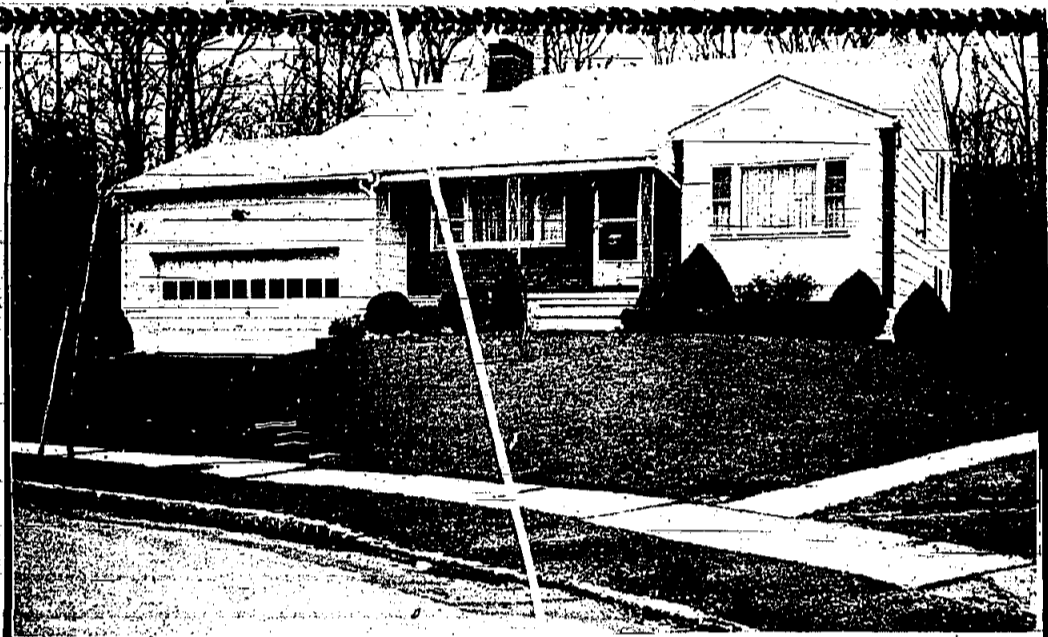

The first letter from Overlook's new "son" may take a few months to come, but Sin Ming has already been informed that he has received the best Christmas he could hope for - Christmas all year long from his new family.

Under Foster Parents Plan one letter a month is translated each way. Overlook's Chaplain, the Reverend David Wyatt, has written Sin Ming to welcome him on behalf of his many loving and interested friends.

"Overlook's sole purpose every day of the year is to help those in distress," the Chaplain commented, "but it is heart-warming to see this spontaneous expression on the part of the staff, including many doctors, reach out still further, across the world."

MERRY CHRISTMAS ALL YEAR 'ROUND from the Overlook Hospital "Family" to their new "foster son," ten-year-old Poon Sin Ming of Hong Kong, China. For Christmas this year, Overlook's employees contributed the \$180 a year needed to adopt a child under the Foster Parents' Plan, Inc., which supports the child's needs for food, clothing, medical care and education.

## Maurice Samuels To Give Lectures In Springfield

The Joint Adult Institute, under the auspices of Temple Beth Ahm and Temple Sharey Shalom, both of Springfield, this week announced that a series of three lectures will be given in Springfield by Maurice Samuel, world-known writer, beginning on Sunday evening, January 6 at 8:15 P.M.

The lecture series, entitled, "The Meaning of Jewish History", will be delivered over a 3-month period with subsequent lectures taking place on February 10 and March 3.

Scholar, traveler, familiar with many lands and cultures, lecturer, novelist, translator, Maurice Samuel has devoted his

many gifts for some forty years to Jewish affairs. Born in Roumania in 1895 and educated in England, he came to the United States in 1914. Then he served two years with the American

Maurice Samuel, Army, eighteen months of which he spent in France. Immediately after the war he acted as interpreter at the Peace Conference, and still later with the Reparations Commission in Berlin and Vienna.

Associated for more than forty years with the upbuilding of Israel, to which he is a frequent visitor, Mr. Samuel has also been in contact with "practically every Jew in the Jewish Community between Jordan and the Golden Gate, between Manchester and Cape Town." He has said that he travels in order to check against constant personal observation what he reads about Jewry in every part of the world.

Merit Badges were presented to most of the Scouts, and Advancement awards were made by J. DeWitt McGaragh, ass't District Commissioner. The following Scouts advanced one rank: To Star Scout - Peter Lawrence; To First Class - Drew Hope, Mark Hummel, Glen Carson, Art Marshall, Howard Hüneke, Don Cumberly, John McGarvey; To Second Class - Larry Grafinkis, Doug Meyer, Gary Mayer, Robert Gottlieb, Robert Beyan, Steven Reichman, Paul Cooperman, Wayne Nuby, Marc Berlin, David Pierson.

### Mail Load Hitting Peak

"The time has come when it's too late to talk about mailing early for Christmas", Postmaster A. V. Del Vecchio said today. I wish to express my sincere appreciation for your excellent cooperation to date on my "mail ready for Christmas" campaign.

"Time means everything now", he continued, "even a few hours delay in getting your cards and gifts mailed may mean disappointment to your friends and loved ones on Christmas Day".

With the Christmas mail load now hitting its peak, here are a few of the Postmaster's important reminders:

Do not mail money in Christmas cards or parcels; use money orders or checks.

Be sure to include full name and address and your return address, written or printed clearly on every card and package.

Insure all parcels. The Postmaster suggests that last minute mailers use Air Mail for their cards and gifts that are going out of town. There is still time for local delivery, but all Christmas cards should be sent by first class mail.

Mr. Del Vecchio said, "Now that we are coming to the end of the big rush, let's all keep up the good work so that we can have every mail bag empty

### Junior Reviewers Busy To Head UJA

At the Springfield Public Library the twenty-two youthful members of the Junior Book Reviewers have been busily turning out reviews. These 10-year olds meet every three weeks in the library to try their skill at "professional" criticism. Below are reviews by pupils from four Springfield schools: St. James - Elizabeth Franz; Sandmeier - Jimmy Sarokin; Caldwell - Jeffrey Morris; Chisholm - Keith Prussing. Due to the holidays the "Reviewers" will not meet again till January 5.

Elizabeth Franz (St. James School) read "The House on Charlton Street" by Dola De Jong. "Characters: Mr. and Mrs. Bartlett had bought the house on which the story is based. David Bartlett was the son of Mr. and Mrs. Bartlett. Phoebe was David's sister. It was some of her actions that helped uncover the mystery. Plot: Before the Bartletts moved into 33 1/2 Charlton Street they began to hear mysterious stories about it. Many things had happened that nobody could understand. Everyone decided to help unravel the mystery. They were all interested by the stories of smuggling, family feud, robberies and madness that emerged. David drew maps; read many books and magazines about Richmond Hill. They discovered old letters, boarded-up fireplaces, a strange drawer and when David lost his watch also added to the puzzle. An argument between Phoebe and David brought something unexpected.

Jimmy Sarokin (Sandmeier School) read "Junior Quarterback" by William Heuman. "Alan MacGregor was a boy who hated football, even though his father and uncle had been great football players when they went to his school. Mr. Harding, a coach of one of the football leagues at the school, encouraged Alan to try out for football as a passer. Alan tried out for the Jayvee Team, and made the team. Mr. Wagner, the coach of the Varsity team, needed a passer, and called Alan up a few days later. The first game he played with the Varsity he showed his good skill as a football player by winning a game for his team, with a few minutes left to play. Criticism: I think that this book gave too much detail. Most of the book was interesting, and the last part was especially exciting. It's a good book for any boy who is interested in sports."

Jeffrey Morris (Caldwell School) read "The Richie Ashburn Story" by Joe Archibald. "One day when Richie Ashburn was a little boy, he asked his father if he could be in the Tilden, Nebraska, Midget Baseball league. His father said that he was too young for the team. But he made it, and was one of the best players.

"Richie was" so good, that people who never were interested in the league came to see Richie play. Even if they were for the other team, they would still root for Richie.

"He started in the minors with Utica, but Richie was so good that he was in Major League baseball when he was 21. He

became a Philadelphia Phillies ball player. "Richie was with the club for eleven years, and in those eleven years this is what he did. He led the league in putouts for nine straight years. He won the batting crown twice in ten years, which hardly anyone does. He led players like Willie Mays, Duke Snyder, Jackie Robinson, Yogi Berra, Minnie Minoso and Al Kaline. Yes, it was Richie Ashburn who led them with a career mark in batting of .315.
