Variance Sought For Route 22 Motel

Apply to Bd. of Adjustment

Coin Clean & Crestmont Eye Mountain Avenue

Two applications for variances for properties in close proximity on Mountain Avenue were received by Springfield Board of Adjustment Tuesday night in Municipal Building.

The one concerned the operation of a coin-operated laundry and dry cleaning establishment in the Tabs shopping area and the other concerned the establishment of a Crestmont Savings & Loan Association branch in the Harpaul building at 762 Mountain Avenue.

Applicant for the laundry was Anetta Tabatchnick. A special exception is required in the case.

Applicant for the savings and loan proposal was The 514 Corporation. A variance is required to make a change of non-conforming use. The first floor of the building was previously used as a grocer-butcher shop with rooms on the second floor used for a residence. The location is in a residential zone.

The laundry case was presented by Max Sherman, Springfield attorney. The store, now vacant, was previously used by Stempler cleaners, who did not renew an expired lease. The zone is general business, with the proposed type of business listed as a special exception use in this zone.

Appearing in connection with the plan was Sanford Gallanter of 510 Park Avenue, Scotch Plains, of Mytelka and Rose, distributor of Norge coin-operated dry cleaning equipment, to be used in the store. Solvents used would not be combustible in nature, a built-in ventilation system was in equipment for fumes, an attendant would be on duty at all times the business was in operation, and the proposal would comply with the township laundrette ordinance, it was reported. Roy A. Blomquist of New Milford, an engineer with Mytelka & Rose also appeared to explain the operation of the mechanism. He said the unit was completely sealed, there was constant filtering and the temperature was controlled. Once the machine is started, it can't be opened until the cycle is completed, he said, adding that garments are odor-free when taken from the machine. Perchloroethylene was identified as the cleaning agent, described as non-inflammable. During the public hearing on the proposal, Herbert Schramm questioned the toxicity of the cleaning agent, calling attention to a dance studio nearby and

he was assured by the representatives of the applicant that there was no danger. Mrs. Adele Hettinger of Remer Avenue called the board's attention to a traffic situation at the shopping center, claiming there is a problem entering and leaving the parking lot and the people on the side streets have difficulty getting onto Mountain Avenue.

Speaking on the case of The 514 Corporation application, Paul Greenstein said that Crestmont because of lack of interest of its customers in its plan to have a branch in Echo Plaza is now considering one at the 762 Mountain Avenue address. Plans also include elimination of a garage on the property and the changing of the second floor rooms from a residence to either an office or offices. Space for 15 to 16 cars could be provided at the location, he said. The savings and loan business would not be a drive-in operation. Crestmont would have a 10-year lease with option to buy.

Objections were voiced from the audience during the public hearing on the question by Emanuel Holms of 3 Remer Avenue, Mrs. Hettinger, L. Rosen of 4 Mapes Avenue, Larry Mensch of Remer Avenue, Herbert Schramm of 1 Remer Avenue, Mrs. Locust of 4 Remer Avenue, and Mrs. Aufiero. The board was told that "everybody" was objecting to an egress from the bank on Remer Avenue. "Business traffic will be in a residential section," it was said.

Concern was registered for the safety of children playing in the area and going to school at a time when the bank would be in operation.

The possibility of establishing both an exit and entrance on Mountain Avenue was explored and representatives of the applicant said in order to solve the parking situation they might be willing to continue the second floor as a residence.

Evergreen Matter Being Considered

The explosive Evergreen Lodge matter which jam-packed Tuesday night's regular meeting of the Springfield Board of Adjustment in the Municipal Building spluttered out before it was hardly ignited with the announcement that "this is not a public hearing and would be considered at an executive session next Monday night."

Chairman Robert C. Miller explained to the large crowd, on hand to voice further objections to the Evergreen Lodge application, that "the stipulations suggested by the Township Committee had been received by the Board of Adjustment and will be considered by the members."

In connection with the case concerning Evergreen Lodge, Chairman Miller announced that the board has received a letter from Springfield Township Committee remanding the application back to the board for further consideration. The chairman emphasized that the Tuesday session was not a re-hearing on the case but was primarily for public information.

Irwin Bross of 65 Evergreen Avenue requested a re-hearing on the issue, saying the people were not properly prepared at the previous hearing and asking for additional time to voice objections properly. Chairman Miller advised him:

"The public hearing was prescribed by local zoning ordinance and as far as I know done in accordance with law. We will, however, consider your request."

The applicant wishes a variance to erect a 20 by 66 foot addition to the lodge which would provide a singing shell, two dressing rooms and two toilet rooms. The lodge exists at the location as a non-conforming use, being a residential zone. Board of Adjustment had recommended with stipulations the application to Township Committee for approval. Township Committee April 23 agreed to remand the application back to the board with additional stipulations. A number of people living in the area of the establishment have indicated opposition to the addition.

Among the many cases before Springfield Board of Adjustment Tuesday night in Municipal Building was one concerning the construction of a motel with restaurant on a piece of property fronting on Route 22 and bounded by Dundar Road and Farm Road.

A variance is needed for the motel which is not a permitted use in that zone; general industry. The restaurant proposal is a permitted use.

Applicant is Mrs. Helen S. Seitz of Flanders.

The plans call for a two-story motel of 62 rooms, a restaurant to seat 70 persons, and a swimming pool.

Arthur Dienst, Hillside lawyer representing the applicant, presented, in addition to Mrs. Seitz, William A. Dougherty of East Wayne, a builder who would be part owner of the proposal; Harvey Gilbert, Jersey City real estate broker, and Henry J. Bartells of Emerson, architect.

Mrs. Seitz explained that she has had the property on the market for almost 10 years and has not been able to dispose of it, pointing out that its shape limits its uses. The property has recently been used for farming.

Mr. Gilbert compared the highway location to such areas as Routes 4 and 46 where he indicated that an abundance of motels are in existence to serve

the heavily traveled areas. He also the areas. He having four motels in Springfield - his proposal along with the already established Howard Johnson, Dutch Maid and Colonial motels - would not be unfavorable.

The building would be of masonry and be 17 1/2 feet in height. Parking would be provided in front of the motel. Plans would also include a pool with patio.

Four consents of property owners within the 200 radius of the location were presented to the board. They were signed by Catherine Windisch, Paul F. Prince Jr., Frank Clark, and Marion Schaffernoth.

During the public hearing on the proposal a number of residents in the area registered concern. These included Irving Faver of New York City, owner of the Gem Shoe property. Mrs. Ida Bauman of Dundar Road was interested in how close to her home the building would be erected. John Sloboda of 11 Dundar said the proposal would decrease the value of his property and increase noise in the area. John Ludwig of 9 Dundar said there were better things that could be put there, 30 feet from his front door. This would be a 24-hour, seven days a week operation. "Give us Saturday and Sunday to ourselves," he pleaded.

Poppy Day

Poppy Day as a memorial to American war dead and a tribute to disabled servicemen originated after World War I. Soldiers returning from Europe in 1918 were familiar with the wild poppies which bloomed in battlefields of France and the Flanders. The American Legion Auxiliary says the first National Poppy Day in the United States was held in 1921 with 50,000 poppies distributed and an income of \$5,500.00 realized. 100 percent of the Poppy Day money taken in is used for welfare work for service men, women and their families.

The red crepe paper memorial poppies worn throughout the nation on Poppy Day are made by veterans in hospitals and workshops in 40 states. These disabled service men are paid for each hand-made poppy they make, and materials for them are furnished free by the American Legion Auxiliary in the states where the hospitals are located.

Through the American Legion Auxiliary poppy program more than \$300,000 is paid annually to needy and disabled service men and women who make the memorial flowers. For many bedridden and wheel chair and blind patients this is the only way they have of earning an income in addition to whatever pension they may receive, also to relieve the tiresome hours spent in ward rooms.

The men wait anxiously for late summer and early fall for orders for the poppies to come in and they are paid weekly for each flower, and beg for material to make more each year.

Poppy production is limited, however, to the number ordered by Auxiliary Units. Starting Friday May 24th, and running as long as we have poppies available, the women of The American Legion Auxiliary Mothers, wives, sisters, and daughters of the men who died in service to our country, will ask all Americans to wear a poppy.

More than 100,000 volunteers annually distribute more than 25 million poppies. Understanding the character and purpose of Poppy Day, can any of us honestly say no when a volunteer approaches us and says "Please wear a Poppy"?

Remember the money you contribute plays a twofold role. Some is used to pay for the hand-made poppies for next year, the rest is used for rehabilitation and child welfare programs carried out through the year such as hospital dances, bingo parties and visits with refreshments music and transportation to the various hospitals paid for by the local Unit.

All patients get candy, ice cream, cupcakes, cigars, and cigarettes also distributed by volunteers who receive nothing tangible for their work. However, these workers gain satisfaction from their contribution to a program which honors the dead while assisting the living. Lets all wear a Poppy on Memorial Day as we view our local parade.

Set Gaudineer Expansion Hearing

The Springfield Board of Education is planning to seek approval for the expansion of the Gaudineer School, and a public hearing on this matter has been scheduled for June 4, at 8 p.m. in the Gaudineer School auditorium. Announcement of this plan was made at Tuesday night's regular meeting of the Board.

School Board architects have been requested to review the preliminary plans to determine if there is a possibility of cutting the costs of the expansion program without affecting the educational program.

The full expansion program for the Springfield school system was rejected in a referendum by the Township voters recently and the voters will be invited to ask questions concerning the Gaudineer School proposal at the June 4 meeting.

RABIES CLINIC

Hardgrove Advises, Radar In Operation

Committeeman Robert Hardgrove pointed out at Springfield Township Committee meeting Tuesday night in Municipal Building that radar equipment has been in operation in the township the past week and a half. Police have issued many speed warnings, but this has come to a halt

and tickets will now be issued, he said.

He remarked, that the police department was not in the "ticket business" but was in the "safety business". We are all well aware that there is speeding in our town and we intend to use radar to maintain the proper flow of traffic and safety, the chairman of the police committee pointed out.

He also announced that in connection with a series of robberies in the community recently, "just today (Tuesday) through the efforts of the detectives, it managed to solve and apprehend several involved." The committee also commended those involved in the solution of these crimes.

Reckon well how awesome a night must be if it is the one night best remembered by a man who lives to be 84 years old and whose years are filled with honors and fame.

Such a night was August 13, 1839, when a 22-year old Jersey man, Dr. William A. Newell, stood on the dunes of Long Beach Island in a wild summer hurricane. Winds bent the trees and rains pounded the beaches as if to obliterate those who would trespass.

Only six weeks out of medical school at the University of Pennsylvania, the young doctor had

come down to Manahawkin to visit his uncle. The wild night had called him to the beach, and there he would be shocked into a dedication.

Near midnight as Austrian brig struck an offshore shoal, within sound of the beach, Dr. Newell heard panicked human voices roll in across the waves, but long before morning only the winds spoke from the sea.

Dawn showed the brig stranded, intact, on a bar less than 300 yards from shore. Along the beach lay 14 bodies of the crew, all drowned as they attempted to swim ashore. Islanders rowed

listen to his plans for a life-saving service. He hoped in vain, "for not one member of the House or Senate, from New Jersey or any other state, gave one favorable word."

Congress regarded his scheme "as chimerical, expensive and useless," and the lifeline lay coiled in his closet, as far from stranded vessels as Dr. Newell had felt himself on August 13, 1839.

Meanwhile the sea rolled cruelly on; between February 20, 1846 and July 31, 1848, 122 vessels broke up along the Jersey coast. Ten vessels perished on one night in February, 1846, with 45 known dead.

Dr. Newell rapped on famous doors, including those of John Quincy Adams, Thaddeus Stevens, Daniel Webster, Henry Clay and others, but received only politeness.

However, on August 9, 1848--only four days less than nine years since he had stood on Long Beach Island and watched the fatal power of the ocean--Dr. Newell fastened a rider on a lighthouse bill.

Congress passed the bill, rider and all, and authorized \$10,000 "for providing surfboats, rockets, carronades, and other necessary apparatus for the better preservation of life and property from shipwreck along the coast of New Jersey, between Sandy Hook and Little Egg Harbor."

That was the beginning of the United States Lifesaving Service. Within 15 months, eight stations had been erected on the New Jersey coast. Captain Douglass Ottinger wrote Dr. Newell in October, 1848, that he had used a rocket to throw a lifeline more than 250 yards out to sea.

Dr. Newell's lifeline, combined with a closed lifeboat perfected by Joseph Francis of Toms River proved its effectiveness beyond all doubt on January 12, 1850, at Squan Beach. That day the Scottish barque "Ayreshire" struck a bar with 201 passengers aboard.

A mortarball carried a line out to the "Ayreshire" and the first passengers were on their way to shore within three minutes. Only one person died, and his death was due to his own bravado.

Dr. Newell went on to many experiences and to many honors. He was elected Governor of New Jersey in 1856 and re-elected in 1858. He returned to Congress in 1865, was elected president of the New Jersey State Board of Agriculture in 1875 and his efforts there helped lead to the establishment of the federal agriculture bureau.

President Hayes appointed the Allentown doctor-politician-lifesaver as Governor of the Washington Territory in 1880 and he served four years. He returned to Allentown, resumed his practice and lived until 1901, when he died a few days before his 94th birthday.

EARLY WOODCUT SHOWS VICTIMS of a Jersey Shore shipwreck struggling ashore. Many drowned before Dr. William A. Newell perfected lifeline and induced Congress to give funds for U. S. Lifesaving Service.

the victims across Barnegat Bay to Manahawkin and buried them in the Baptist cemetery.

The night continued to haunt the young doctor, for the fresh mounds of the 14 graves could be seen from his uncle's house. If only a line could have been cast from shore to ship!

Could a line be cast through the winds--by bow and arrow, by rocket, by shorted blunderbuss, by mortar, perhaps? He tried them all and eventually knew that he could toss a lifeline to a floundering vessel.

Dr. Newell left Manahawkin and in 1844 began a highly successful practice at Allentown, near Trenton. But whenever wild storms swept New Jersey, the physician knew that men would die along the Jersey shore.

Friends and neighbors sent Dr. Newell to Congress in 1846. At last, he hoped, someone would

Kropinicki, Mrs. Hart, Miss Bialecki Are Featured Players In "My Three Angels"

MR. AND MRS. WILLIAM MCKINLEY ODELL of 10 Springfield Road, Springfield, are enjoying a holiday in the mid-Atlantic resort islands of Bermuda. Mr. Odell is Vice President of Newark's R. Odell & Sons Co. He and his wife are staying at "Horizons", a guest house in Paget Parish. On May 15th they will sail for the States aboard the luxury liner "Queen of Bermuda", which is scheduled to arrive in New York on May 17th.

MR. AND MRS. BENJAMIN GROSS of 113 Madison Terrace, Springfield celebrated their 40th wedding anniversary at the Sherry Frontenac Hotel in Miami Beach, Florida, after attending the annual Prudential Insurance Co. of America convention also in Miami Beach. Mr. Gross is a retired staff manager of Prudential.

MR. AND MRS. JOHN KASPARIFIS of 104 Kipling Ave., Springfield recently returned from a cruise aboard the S.S. Bahama Star which sailed from Miami to Nassau, docking at Bay Street in Nassau. While there they were able to shop in the native straw market, swim at Nassau's famed beaches and enjoy the Bahamian night life.

Three outstanding and prolific members of Jonathan Dayton Regional high school will be featured in the three act comedy, "My Three Angels", which will be presented at 3:30 P.M. and 8:15 P.M. on Friday, May 31 at the Dayton school on Mountain Avenue, Springfield according to Mr. William A. Herring, Jr. the play director.

Mr. Alex Kropinicki plays the part of "Henri", the miserly, bombastic, and terribly tempered uncle of Paul with zest that makes method acting and Ben Casey pale in comparison. His brow beating personality alienates and terrifies the entire cast to such an extent that the "three angels" enlist the aid of the deadly and mysterious "Adolphe" to put him in his place -- a masterful accomplishment as many will agree.

Mr. Kropinicki served for 3 1/2 years as a sergeant with the combat engineers in Europe during World War II. He graduated from STC in East Stroudsburg, Pa. and did graduate work at Temple University. He was editor of the college paper, a member of Kappa Delta Pi, the National Honor Society, and Who's Who in American Colleges.

He has been teaching, English, Journalism, and World Literature at Springfield for 12 years and served as Department Head for 3 of these years. He was faculty adviser for 6 years to the school paper which took 3 first places at the Columbia University Journalistic Competitions. He is married and makes his home in Springfield. This is Mr. Kropinicki's first stage appearance.

Mrs. Lucretia M. Hart of the Language Department uses her knowledge of France and the French way to create a memorable role as "Mme Parole", a woman who doesn't like to part with her money. She charges all her purchases and pretends to be a scatterbrain. Her domination over her milquetoast husband is matched only by Mr. Barleycorn's domination over her.

Mrs. Hart is a graduate of Hunter College and has earned 32 credits of graduate work in French. She was a member of Phi Beta Kappa and took part in French and Italian plays at Hunter. She was the recipient of the "Bourse Bary" scholarship which entitled her to a summer of graduate work in a college in France.

Mrs. Hart is in her 7th year of teaching French. She teaches a session in New York City schools and New Rochelle College. She expects to attend an NDEA Institute in French at Princeton this summer. Mrs. Hart resides with her husband, Nat, a sales representative, and her son, Steve, who is a junior at Dayton and a member of the Cumberland Trio, at 122 Remer Avenue, Springfield.

Miss Stella Bialecki of the Mathematics Department is the third featured player portraying "Emilie", wife of Felix Ducotel, the shop owner; and mother of "Marie Louise". The talented Miss Bialecki's "Emilie" is a gem. She is the patient and long suffering wife of a weak and rather wishy-washy man who allows her to manage things for all their married life.

Miss Bialecki graduated from Dayton Regional with a record which included: Number 1 student of her class, president of the GAA, National Honor Society, PTA awards winner in English and Mathematics, and a Honor Tuition to St. Mary's of the Wood College in Indiana from which she was graduated Summa Cum Laude. She was elected to the Delta Epsilon Sigma and Kappa Gamma Pi and a member of the Players Dramatic Club there.

Miss Bialecki received her MA degree from Montclair State recently and was also the recipient of 3 national Science Foundation Fellowships at Bowdoin College, Maine. She is now in her 7th year as mathematics teacher at Dayton.

Pennsylvania Dutch Folk Dance Folkdance Feature Of "Satin And Strudel"

Suzanne Luise Snell and Ann Kay Steinbach are featured in a folk dance portraying life among the Pennsylvania Dutch in the production "Satin and Strudel," a new musical comedy to be presented on Saturday evening, May 25, 8:30 p.m. in the auditorium of Summit High School, Kent Place Blvd., by members of the congregation of St. John's Lutheran Church, Summit. The play written by Marion Weaver and Roma Greth will be produced and directed by George R. Snell and sponsored by Fellowship Guild of the church.

"Satin and Strudel" is the story of an Amish girl from Paradise, Pennsylvania who goes to work as a maid in a fashionable Main Line society home. All the glitter and idiosyncrosies of this new life influence the little maid's future as well as that of her friends and family in the land of the Pennsylvania Dutch. Humor, love and charming music highlight this full length Broadway script.

Suzanne Snell is a member of Miss Hudson's fourth grade in Beechwood School. She has appeared in summer stock previously and also on several television programs. She has studied ballet for the past two years and is a member of the Brownie Scouts as well as a member of St. John's Junior Choir. She is the daughter of Mr. and Mrs. George R. Snell residing at 366 New-Providence Rd., Mountainside.

Ann Kay Steinbach is a member of Mrs. Salamini's fourth grade in Echo Brook School and likewise has studied dance for two years. She performed as "Snow White" with a professional group in East Aurora, N.Y. She is a Brownie and also a member of St. John's Junior Choir. She is the daughter of Mr. and Mrs. Carl Steinbach of 1321 Woodvalley Rd., Mountainside. Reserved seats are being handled by Mrs. George R. Snell, of St. John's Lutheran Church, Summit.

"Family Memberships" At UC Swim Pools Open

Union County residents may still apply for "Family Membership" at the swimming pools operated by The Union County Park Commission before the opening of the 1963 swimming season.

A "family membership plan" is being offered residents of Union County this summer at the John Russell Wheeler Park Pool, Linden; and the Rahway River Park Pool, Rahway. A family may apply for a special rate of \$36.00 for the entire swimming season which will entitle husband and wife and all their children, 18 years of age and under, to visit the pool without additional charge during the season.

Applications are available at the park commission office, Warinanco Park, Elizabeth and Roselle, and at the refreshment-stands in Warinanco, Echo Lake, and Rahway River Parks, and the Watchung Reservation. The completed applications will be accepted by the park commission by mail or in person, and the necessary identification cards will be forwarded to the applicants.

Bell Telephone Lab President Receives Industrial Award

The Industrial Research Institute Medal, the outstanding award in the field of industrial research management, was pre-

sented here this evening to Dr. James B. Fisk, President of Bell Telephone Laboratories.

The presentation was made in the Fairmont Hotel San Francisco, Calif. at a dinner marking the 25th Anniversary of the Industrial Research Institute.

J. B. Fisk

Presiding as President of the Institute was Mr. Donald P. Krotz, Vice President and Director of the California Research Corporation.

Awarded annually since 1954, the Medal is given for "outstanding accomplishment in or management of industrial research which contributes broadly to the development of industry or the public welfare."

This is the third time that a president of Bell Telephone Laboratories has received the Medal—it was awarded to Dr. Mervin J. Kelly in 1954 and to Dr. Frank B. Jewett in 1950.

Regional Plans New High School In Kenilworth

Voters of the Union County Regional High School District will be asked to vote on Tuesday, May 28, on the question of a proposed fourth Regional high school in Kenilworth. This represents the fifth step in a long-term development of high school facilities in the Regional school district. The purchase of the land for this building was approved by the voters at the time the third step was undertaken.

The building in Kenilworth is planned for an initial student capacity of 900, as were the other three Regional buildings. It is expandable later to a maximum of some 1500 in common with earlier Regional development.

Thus the proposed new construction will increase the nominal pupil capacity of the district from 4500 to 5400, a figure which will be exceeded somewhat by the late sixties.

The building as designed by Frederick Elsasser and Associates will house a modern school program and one that is developed in line with the district's philosophy of providing a valuable and pertinent education for every high school age youth of the district. It will be provided with certain special features which will make it readily usable by physically handicapped young

people of the district.

It is planned that a strong academic area of work shall be offered along with a full program of industrial arts, art, music, and other related areas. It will be readily possible to care for the educational needs of the youth who will attend.

The school will consist of 38 classrooms and laboratories, a large gymnasium which is divisible into four teaching stations, an auditorium comparable in size to the other Regional auditoriums, conference rooms, storage rooms, custodian's quarters, offices and auxiliary facilities.

Total cost of the finishing building together with completed ground work and all equipment is tagged at \$2,850,000. The architect feels that the amount should stay within this figure.

The project has received approval of the State Department of Education, the Division of Local Government and various town bodies and local organizations. A meeting was held on April 29 at which time Dr. Minor C. K. Jones of Mountainside explained the proposal to the assembled mayors, councilmen, local township committee members and local Board of Education members.

Children's Craft And Activity Program Proposed For Municipal Swimming Pool

The Springfield Recreation Department is in the process of investigating and determining the desirability of a self-sustaining craft and activity program to be maintained at the new Municipal pool in Springfield between the hours of 1:00 and 5:00 P.M., Monday through Friday. It has been suggested by the Recreation Department that such a craft and activity program would fill the needs of many of the small fry members of our new pool. It would provide this very youthful set with an outlet of creativity and organized play.

The administration of this pro-

posed activity would require the Recreation Department to add additional qualified personnel to its regular staff. To deter this added expense it would be necessary to impose a small charge upon those interested pool members who wish to use this service. Those pool members who desire such a program at the pool should contact the Recreation Department to show their interest. It should be kept in mind that in order for the Recreation Department to develop such a program, a definite enrollment must be had prior to the date the pool will open.

Gerald Matten, son of Mr. and Mrs. Abe Matten of 21 Kew Drive, Springfield, will receive a Bachelor of Music degree at Commencement, May 29, in Hubbard Auditorium, Manhattan School of Music, New York City.

He is majoring in Piano under the guidance of Frances Hall.

Mr. Matten's future plans include teaching privately, and also at university level.

Michael Flynn Named Manager

Michael F. Flynn, of 275 Short Hills Ave., Springfield, has been named manager of the Prudential Insurance Co.'s North Hudson agency, in North Bergen.

Mr. Flynn had been a training consultant for the company's New Jersey region since 1960. He joined Prudential as an agent in Newark in 1946, was promoted to assistant manager in a New York City agency in 1953, and became associate manager of a Jersey City agency four years later.

Michael F. Flynn

He is a graduate of St. Peter's College, in Jersey City; a member of the Knights of Columbus, in Bayonne; a League coach, in Springfield; and past president of the Holy Name Society, former chairman of the committee of Cub Scout Pack 17, and chairman of the Lenten Lecture Series at St. Rose of Lima Church, in Short Hills.

Mr. Flynn is married to the former Margaret Crean, of Jersey City. They have seven children: Mary Elizabeth, 19; Margaret Ellen 16; Michael Francis, 14; Patricia Ann 12; Ellen Marian, 10; Matthew Joseph, 8; and Martin Jude, 6.

Iris Society To Hold Annual Show

Iris Gems is the title and theme of the fifth annual Iris Show, open to the public without charge, Sunday, May 26, by the Garden State Iris Society. This Society, Region 19 of the active American Iris Society, has moved this year's show to the beautiful Fairleigh Dickinson University campus at Madison, N.J. from its former location at the School of Agriculture in Rutgers, New Brunswick.

Curtain Time Nears For 'One More Time'

This year the by-word in Mountainside theatrical circles is "One More Time". A bigger than ever cast of old troupers and new comers is readying the Mountainside Music Association's fifth annual Variety Show for presentation Friday evening, June 7 at Deerfield Auditorium.

One more time directors Jeanne Wilhelms and Aden Lewis are creating and producing an eagerly awaited show. One more time tap dancers Jean Stahuber, Annette Liebeskind, Grace Gutman, Marie Klinefelter, Marcie Slovik, Sandy Davis, Bea Reich and Arline Fine will delight the audience with their well-mastered routine. One more time Scotty Reel and Herb Seidel will blend their voices in a duet, one more time the MMA-sponsored modern dance group will lend distinction to the show, and one more time there will be some completely new innovations and some new twists on tried-and-true-show-stoppers.

Because the spring show is the MMA's only money-raising activity, it was decided this year to include in the program booklet a Booster page. Anyone wishing to give a little extra boost to the financial end of the MMA's work may do so by giving 50¢ and having his or her name printed on the Booster page. Couples are \$1. This can be arranged for when buying a ticket within the next week or so or by calling MMA President, Mrs. Thomas Hyde.

Members and non-members alike are invited to display modern named varieties of Iris for judging by Society accredited judges. No advance registration is required, but gardeners must bring iris for display between 9 and 11 a.m. on May 26, directly to the gymnasium at the Campus in Madison. Only named varieties are accepted in the general display.

After the official judging and the awarding of prize ribbons, the show will be open to the public from 2:00 to 5:00 p.m. All are welcome.

There will be special arrangements and juvenile sections for which advance entrance is required. General chairman for these sections of the show is Mrs. John J. Perton, of Brookside Drive, Martinsville, N.J. Mrs. James Henderson, of 265 Fairmont Avenue, Chatham, N.J. is entries chairman, and Mrs. Joseph Harter, Jr., of 8 Plymouth Road, Chatham, N.J. is entries co-chairman. Junior division entries chairman is Mrs. Bruce Abrams, 86 North Hillside Avenue, Chatham, N.J.

General chairman for the entire show for the Iris Society is Mrs. Zeh Dennis, Jr., of 11 Meadow Road, Chatham, N.J. Mrs. Dennis Reports that about five hundred separate exhibits including most of the newer iris developments are expected, and that the show should provide a fine overview of the latest types of this historic garden flower.

National Award Given Overlook Hosp. For Outstanding Patient Relations Program By "PULSE"

Overlook Hospital, Summit, New Jersey, was honored today to receive the highest award for the outstanding patient relations program in the United States for hospitals of more than 226 beds. The national contest was sponsored by the publication "PULSE on Patient Relations."

The 342-bed Overlook Hospital received the modernistic PULSE National Patient Relations Awards—a handsome bronze trophy highlighted by a distinctive shaped metal design, symbolizing the role of the hospital and its patient as they meet at the zenith of their combined effort.

Receiving the award for the hospital were Robert E. Heinlein, Overlook director and Mrs. Margaret Dwyer Rogers, hospital public relations director. The presentation was made by of-

ficials of the S.M. Edison Chemical Company, Inc., New York, N.Y., sponsor of the publication—they were Herbert P. Nack, president of the company, and Eugene V. Raggio, hospital products manager.

Overlook Hospital was selected over several hundred participants as having the most original and comprehensive program among large hospitals. Judging was done by a board of qualified hospital experts including: M. Luella Gardner, Director of Nursing Service, Cook County Hospital, Chicago; Robert Markowitz, Assistant Administrator, Mount Sinai Hospital, Chicago; Frank Rhatigan, Secretary, The American Surgical Trade Association; and Lynn C. Wimmer, Director of Publications, The American College of Hospital Administrators.

RE-VIEWING THE PAST

By Don Palmer

As you may note, something new has been added to the heading of this column. The device in the lower right corner is the symbol of New Jersey's Tercentenary year - 1964. If your car has been inspected recently, you have it on the sticker on your windshield. The three sections symbolize "People, Purpose, Progress." The central figure is a stylized tree, symbolic of the steady growth of New Jersey during the past 300 years. From now on, this column will be dedicated to the Tercentenary theme.

SPRINGFIELD IN THE CIVIL WAR - Part II

The individual records of most of the Springfield men who took part in the Civil War are not readily available, but some interesting details have survived.

Reuben G. Marsh enlisted immediately upon the outbreak of the War, in Company G, First New Jersey Volunteer Infantry, which was one of the four regiments comprising the First New Jersey Brigade. From the end of July, 1861, to the middle of April, 1862, this Brigade was under the command of the famous General Phil Kearny and was with General George McClellan for the entire Peninsular Campaign. Reuben Marsh fought in every battle of note during the War, with the exception of Gettysburg, at which time he was in a hospital suffering from bullet wounds. At the end of the War, he was discharged as a Corporal.

Thomas B. Henderson, a native of Scotland, settled in Millburn upon his arrival in this country, but later moved to Springfield. His daughter married a son of Reuben Marsh. In the Civil War, Henderson was a member of the Forty-seventh New York Volunteers and went through the entire struggle.

The story of the Poole Brothers, one a Union soldier and the other a Confederate, has been printed many times, making them the most publicized of Springfield's Civil War veterans. Their graves are side by side in the family plot, in the large Presbyterian Cemetery, one with a bronze star G.A.R. marker and the other with a bronze wreath, marked "Confederate Veteran", beside the head-stone. The inscription on the stone of the Union brother reads: "WILLIAM CLINTON POOLE, BORN DEC. 20, 1835. DIED DEC. 20, 1906. CO. G, 8th N.Y. INFANTRY"; on the other stone the text is: "ELIAS BRYANT POOLE, BORN DEC. 16, 1833. DIED MAY 22, 1868. LIEUT. VA. LIGHT ARTILLERY."

It is said that Elias went South as a very young man and was working in Virginia when the War broke out. Evidently he chose to stay with his southern friends in the conflict. His record, supplied by the Sons of Confederate Veterans, is: "Enlisted, May 15, 1861, in Bedford County, in Bowyer's Battery, Virginia Light Artillery, 8th Brigade, under command of Thomas M. Bowyer. On April 11, 1862, he re-enlisted for the duration of the war."

William was discharged in June, 1865, and returned to Springfield. Soon afterward, Elias also came home, suffering from battle wounds, which shortened his life, and he died at the age of 55. William died on his 71st birthday, at the New Jersey Home for Disabled Soldiers.

Theodore E. Squire, who later owned a large tract of land in the vicinity of Brook Street and Rose Avenue, and whose daughter

stopped Confederate General Lee's invasion of Maryland, with terrific losses on both sides. One account states that at the end of fourteen hours of desperate fighting, "There lay upon the ground, scattered for three miles over the valleys and hills, or in the improvised hospitals, more than twenty thousand men."

Captain Wade was severely wounded at Antietam and died on October 5th. In addition to the

GRAVES OF THE POOLE BROTHERS, in the Presbyterian Cemetery, Springfield.

married Abner Stiles, was a member of Company F, 27th New Jersey Volunteers, a regiment composed chiefly of men from Morris and Sussex Counties. The commanding officer was Colonel George W. Mindil and the Captain of Co. F was Daniel Bailey. The 27th reached the front just in time to take part in the disastrous Battle of Fredericksburg, under General Burnside, and later saw action in West Virginia, Ohio, Kentucky and Tennessee.

Captain Edward H. Wade, mentioned in Part I of this article, enlisted in Company E, 71st New York State Militia, on July 23rd, 1857 - nearly four years before the war began. On June 2nd, 1859 he was commissioned a First Lieutenant in the 71st, and on July 30th, 1861, when his term expired, he was discharged as a Captain. At that time, his description reads: "Age 23, 5ft. 7in., light complexion, grey eyes."

On February 17th, 1862, Edward H. Wade was given a commission as Captain of Company F 59th New York State Volunteers. All of Captain Wade's military records are in the possession of the Springfield Historical Society, presented to the Society by Mrs. Theodore C. Coe, of Maplewood, a member of the Wade Family, and are on display in the Civil War Room of the Cannonball House, together

with a large picture of Captain Wade and a handsome gold-plated sword, given to him on May 30th, 1862, by the men of Company F, 59th N.Y. Volunteer Infantry.

The 59th Regiment was one of the units engaged in the Battle of Antietam, or "Sharpsburg", as it is sometimes called. It was one of the bloodiest engagements of the Civil War. More than 100,000 men took part in fighting on September 17th, 1862, when about 60,000 Federal troops, under General George McClellan

landed in Academy Green, previously mentioned, these is a white marble monument to his memory in the Wade Family plot, in the large Presbyterian Cemetery, and two G.A.R. Posts, No. 520, Department of New York, and No. 96 (Springfield) Department of New Jersey, were named for him.

Faculty Chooses N.J. Boy's State Representatives

Hans Nielsen, Chairman of Boy's State, for Continental Post #228 American Legion announced the two representatives and the alternates who have been chosen by the faculty of Jonathan Dayton Regional High to represent Springfield at the Jersey Boy's State held at Rutgers University June 23rd. thru 30th, 1963.

Drew Wuestman, 80 Troy Dr. and Steven Berger, 115 Briar Hills Circle were chosen Delegates with William Kretzer, 61 Fieldstone Drive and John Janukowicz of 119 Tooker Ave. as alternates.

The purpose of Boy's State can best be expressed by the following Statement. To develop good citizens in the United States of America, by inspiring the youth of New Jersey, to take a more active and intelligent interest in the operation of our State and Nation and in the privileges and responsibilities of citizenship.

The need is manifest. The lack of interest of the average citizen in the day-by-day conduct of his government, let alone the failure of thousands even to cast their vote on Election Day, indicates America is far from having attained the purpose of the founding Fathers to create a "Government of the People, by the People, and for the People." To meet this need, there must be developed in our citizens, particularly our youthful citizens, a "more active and intelligent interest in the operation of the government."

This is exactly what American Legion-Boys State does. Its program is practical. The boys will learn by doing.

In a model "State" - Boys State - the boy citizens will learn about the executive branch of government by serving as Governor or Mayor. They will learn how to legislate by serving as Senator, Assemblyman, County Freeholder and Municipal Councilman. They will learn how to maintain law and order by serving as Police Chief, as Prosecutor, as Judge.

Legion Post Memorial Services Announced

On Wednesday May 29th Continental Post #228 of the American Legion will hold their annual Memorial Services for their departed comrades and all the deceased veterans of all wars. The public is cordially invited to attend the services which will start promptly at 8 p. m. at the Post Home.

Further, on Monday May 27th the post members will decorate the graves of veterans of all wars whose graves are in the Presbyterian and Methodist cemeteries. The members will meet at the Post Home at 6 o'clock. If it rains the decorating will be done on Tuesday night instead.

Lt. J/G Charles M. St. Laurent Took Part In Cooper Recovery

Navy Lieutenant junior grade Charles M. St. Laurent, son of Mr. and Mrs. Henri St. Laurent of 48 Center Street, Springfield serving aboard the destroyer USS Fletcher, took part in the Pacific recovery of Astronaut Leroy Gordon Cooper during his 22 orbits of the earth.

Thirteen ships in the Pacific Recovery Force patrolled five pre-planned recovery areas during the flight. The ships were supported by Navy carrier-based aircraft and Air Force land-based plane. A special world-spanning naval communications network links the Pacific force

with the Atlantic recovery force and Cape Canaveral, Fla.

The primary recovery ship was the aircraft carrier USS Kearsarge, which picked up Astronaut Walter Schirra at the conclusion of his six-orbit flight last October and recovered Cooper following last week's 22 orbit flight.

The other 12 ships were the destroyer USS Epperson, USS Fletcher, USS John W. Thomsen, USS John A. Bole, USS Lofberg, USS Duncan, USS Mansfield, USS Frank Knox, USS Tausig, USS De Haven, USS Lyman K. Swenson, and USS Shelton.

The communications for the Pacific Recovery Force were centered at Honolulu, one of the world's largest naval communications stations. It connects the Pacific force with recovery elements around the world and with Cape Canaveral.

The Fletcher provided communication as well as tracking and locating the space capsule. The ship normally operates from Pearl Harbor, Hawaii.

TEEN TALK by Edie Bell

On Friday night May 17 th, the Annual Spring Band Concert, presented by the instrumental music department of Dayton Regional, was held in Halsey Hall. The band played several popular selections, highlighted by an accordion solo by Kathy Regucci and a piano solo by Anita Humer. The twirlers also entertained, and the captain and majorette of next year's squad were announced they are, Doty Ward, majorette, and Barbara Cannon, captain. Awards were presented to several band members; these were; Candy Logan, for the Senior who had displayed the most loyalty and service to the band; Charlie Roll, also for loyalty and service; Alan Isley, for the Senior who displayed the best attendance record; and Ricky Arends, for the Senior who had done the most for the band in four years of membership. Mr. Romeo, the band's director, was presented with a gift by the band members for his work throughout the year.

The members of the Track Team were surprised at their meet with New Providence last Friday with two homemade lemon meringue pies. The boys, by the way, won the meet by a score of 95 to 22, putting their record at 7 and 3. Also on last Friday, the Regional Baseball Team beat Westfield 6-0, making it 15 and

R.M. McCaffery Named Commerce & Industry MH Campaign Chairman

Robert M. McCaffery, Personnel Manager of the Schering Laboratories Division, Union, New Jersey, has been appointed Commerce and Industry Chairman for the Fund Campaign of the Union County Association for Mental Health, it was announced today by the Honorable Mildred Barry Hughes, Fund Chairman. Mr. McCaffery will be in charge of business solicitation in the Mental Health Campaign in the communities of Berkeley Heights, Clark, Garwood, Kenilworth, Scotch Plains, Springfield, Union Township and Winfield and Mountainside.

In accepting this appointment, Mr. McCaffery expressed his interest in the mental health problems which face industry and which are indicated by the high rate of addictions, absenteeism, illness, inadequate work performance and friction on the job. These, he advised, are often the symptoms of emotional disturbances.

Mr. McCaffery will be assisted

by a committee consisting of Peter S. Hill, Radio Corporation of America; Joseph Leitenberger, Western Electric Company; George C. Murphy, Carpenter Steel Corporation; and H. C. Lundquist, White Laboratories.

By supporting our County Mental Health Association, Mrs. Hughes and Mr. McCaffery pointed out we will be helping the research program which is seeking to find new and better ways to treat and prevent mental illness. In addition to this, the funds will be used to develop community facilities to help both the disturbed children who are unable to attend regular school; the former mental patient who need rehabilitative services and the older person who can remain in the community if he is guided to a program of activity.

The Commerce and Industry campaign will commence on Monday, May 20, 1963 in the eight communities named above in which there is no United Fund not Community Chest.

Use Area Codes Between North And South Jersey

The New Jersey Bell Telephone Co. announced today that area codes will be used on calls between North Jersey and South Jersey starting July 21.

The new dialing procedure, which the telephone company estimates will affect less than one-half of one per cent of all calls originating in its exchanges, is designed to meet accelerating demands for telephone service.

The two dialing areas will just about double the supply of usable telephone numbers, New Jersey Bell pointed out. Most telephone numbers can be used in either half of the state with the area code serving to distinguish them.

The area code for North Jersey is 201 and for South Jersey, 609. Beginning July 21, telephone users in South Jersey will begin calls to North Jersey points by dialing 201. North Jersey calls to South Jersey will be prefaced by dialing 609.

In some sections, telephone users dial "1" on all calls outside their local areas. They will continue dialing "1", and will add the appropriate area code when necessary.

In a related change, also effective on July 21, all New Jersey Bell customers will use area codes in dialing to New York City and Philadelphia numbers. Many now use the digits - 1 - 1 instead of the area codes. For New York City, the code is 212, and for Philadelphia, 215.

Area codes were established in North and South Jersey several years ago for use by out-of-state callers dialing to New Jersey numbers. The boundary line between the 201 (northern) and

609 (southern) areas follows a roughly diagonal path across the state from the vicinity of Lambertville to the shore area around Toms River.

The communities which lie along the northern side of the line in the 201 area include Frenchtown, Flemington, Neshanic, Belle Mead, Franklin Park, Monmouth Junction, Jamesburg, Englishtown, Freehold, Lakewood, Lakehurst, Toms River and Sea-side Park.

Located along the southern edge of the boundary in the 609 area are the towns of Lambertville, Hopewell, Princeton, Plainsboro, Cranbury, Hightstown, Allentown, New Egypt and Barnegat.

Of the nation's most populous states, New Jersey is one of the last to require area codes on calls within its borders. New York has seven area codes in use and Pennsylvania has four.

First Instrumental Music Festival Set

As part of the instrumental music program of the Mountainside Schools, an "Instrumental Music Festival" will be presented at the Deerpark School Auditorium, Monday evening, May 27, 1963, at 8:00 P.M. The program will include instrumental music students from grades 4 through 8.

The Elementary School Band, composed of 4th and 5th grade students from Beechwood and Echobrook Schools and the Mountainfield School Band will present programs featuring the works of Brahms, Tchaikowsky, Handel, Offenbach, and other composers. Both groups will be conducted by Joseph M. Petrallo, Band Director and Instrumental Music Teacher in the Mountainside Schools.

A special feature of the evening will be the performances of various instrumental ensembles playing the works of Mozart, Gossec, and Hohman. During the past year, some of these ensembles have performed at various functions in Mountainside and were received enthusiastically by their audiences.

The festival will be open to the public.

POPPY SALES

Annual sale of poppies for Memorial Day will be held in New Jersey from May 24 through May 30.

The public is warned that the state law restricts Memorial Day Poppy sales to a specific period and the public is urged to buy only poppies bearing the official emblem of the American Legion of the VFW.

Those are the only poppies made by veterans in hospitals. The money from the sale is used for rehabilitation of veterans and aid for widows and orphans of veterans.

Jaycees Cited By Pool Committee

JOHN HALL, CHAIRMAN OF PLAY FACILITIES for the swim pool committee receives check for the bike rack from James Nichelow, Treasurer of the Jaycees, while Richard Bischoff, Jaycee President and Edward Schwartz, General Chairman of the swim pool committee look on.

Ed Schwartz, chairman of the Springfield Swim Pool Committee was most appreciative of the generosity shown by the local Junior Chamber of Commerce. A bicycle rack, to be used at the pool site, was presented by the Jaycees last week. This contribution is the first of several that have been pledged for the purchase of playground equipment for the play area adjacent to the pool.

As Schwartz pointed out, the pool has been a complete success in old respects. Membership has exceeded initial hopes, and the weather has been ideal for pool construction. In addition

to this good fortune, the service clubs and business people are now making it possible for all the youngsters in town, whether they are members of the pool or not, to have a well equipped play area at their disposal.

When asked if any items are needed at the play area, Schwartz smiled broadly, "We don't want to create the impression that the pool committee must rely on outside aid; but it is quite apparent that only so much can be done in one year". Any additional help such as that given by the Jaycees, will provide a complete facility for the youngsters of Springfield.

Sabin Oral Polio Vaccine Clinic Set First Aid Squad Auxiliary Plans Rummage Sale

At the suggestion of the U.S. Public Health Service and in concurrence with the Union County Medical Society and physicians practicing in Springfield, Springfield Board of Health is planning to administer Sabin oral polio vaccine at three Sunday clinics in the fall.

This decision was unanimously reached by the board at its last regular meeting held in Municipal Building Wednesday, May 15th. Action was taken in the form of a motion to this effect.

Decision was reached after considerable investigation in the matter and both Springfield Health Officer Dr. Robert Milligan and Dr. Ralph I. Mond, physician member of the board, recently watched such a pro-

gram in operation in the community of Livingston. That municipality was reported as the first to institute the oral polio vaccine program in the area. No community in Union county is reported to have yet established the program. Several communities in Bergen are reported to have instituted the program including Washington township and Teaneck.

The clinics will be held in one of the township schools with tentative dates set as September 22, November 3, and December 15th. It is expected that a nominal charge will be required for the entire course. The board will call upon local nurses, doctors, and pharmacists to cooperate in the program.

The Auxiliary to Springfield First Aid Squad will hold a rummage sale for the benefit of the squad June 14 from 9 a.m. to 4 p.m. in the squad house in North Trivet Avenue.

All donations or rummage may be brought to the squad house June 10th from 1 to 3 p.m. In the event that a pickup is required, call Mrs. Zarelli at DR 6-7138 or Mrs. Yeager at DR 6-5676. Items such as clothing, dishes, furniture are suitable.

\$2,300 Agreement Reached On Cottler Property Purchase

Announcement was made at the Tuesday Springfield Township Committee meeting in Municipal Building that an agreement has been reached with Isaac Cottler for the purchase of property in the vicinity of the new county bridge proposed in Milltown Rd.

It was reported that the contract calls for purchase price of \$2,300 for the land in Milltown road, needed for the re-alignment of the road in connection with the new bridge construction.

This piece of property was said to be the last piece of property the township needed on its side

of the bridge for the proposal. Township Committeeman Philip Del Vecchio said that three properties on the Union Township side of the river are in the process of condemnation. The both communities need the lands for the realignment of Milltown Rd. It was reported at the meeting

that the county will be in charge of building the new bridge, which will be elevated higher and widened, and the two municipalities involved will be responsible for the road alignments to the bridge in their particular community.

GSA Planning Board Held Brownie Day

Seeley's Pond was the scene of varied activities recently at the Outdoor Brownie Day sponsored by the Tri-County Senior Scout Planning Board. The Planning Board comprises two girls from each Senior Troop in Berkeley Heights, Watchung, Plainfield, South Plainfield, North Plainfield and Dunellen.

The event was scheduled to instruct Brownies in simple outdoor skills and to prepare them for their Tenderfoot Badge. Eight stations were set up for instructions in games, songs, trail blazing, use of knives, compasses, knot tying, fire building and first aid.

400 Brownies were registered together with 59 adults and 27 Senior Scouts instructed in the program.

The day started with a flag ceremony which was possible due to the help of the local fire department. The termite-eaten flagpole at Seeley's Pond was too wobbly to shimmy up and attach the rope - so Capt. Matt Fornaro and Officer Peter Schaub came to the rescue with the fire truck and extension ladder.

The color guard was led by Lynn Sullivan of Troop 22L, First Aid was instructed by Sallye Seaman and Kitty Gellings of Troop 209, and Joanne Danek of Troop 206; knots, Sharon Owings and Kitty Cook of Troop 309; Sandy Ertel and Frances Kobe of Troop 325; games, Janne Scherer and Lynn Cochran of Troop 161 and Marty Meister of Troop 209; compasses, Claire Smith and Lynn Sullivan of Troop 161; trails, Beth Bryan of Troop 209 and Judy Piwowar; Troop 309; songs, Judy Storr and Nina Dowd and Lyn Krienke of Troop 309; and Leslie Moore, Troop 325; fires, Paula Kleiner and Barbara McGowan of Troop 325; knives, Judy Lilien of Troop 309.

Officers of the Planning Board are Wendy Thomas, president; Judy Piwowar, vice president; Joanne Danek, secretary; and Claire Smith, treasurer. Mrs. Charles Wadas of Berkeley is advisor.

For seven motor vehicle violations arising when Percy Scruggs, truck driver, of 2 Cortlandt street, Belleville, was recently apprehended in Route 22, Police Magistrate Jacob R. Bauer May 8 levied a total fine of \$75 against the owner, Terminal Transport Co., Inc., Terminal street, Port Newark, and \$40 against Scruggs.

The transport company was fined \$30 for using other plates, \$15 for allowing an unregistered vehicle to operate, and \$15 for failure to have vehicle inspected and \$15 for failure to have vehicle re-inspected. Scruggs was fined \$10 for no registration for trailer in possession, \$15 for no registration for tractor in possession, and \$15 for operating an unregistered vehicle.

Other cases were disposed as follows:

Orville M. Lenaster, Westboro, O., no lights on overhanging load, \$30, and using cardboard plates, \$30; Annie L. Goins, 873 Bergen St., Newark, careless driving with accident, \$18; Perk Chemical Co., 217 South First St., Elizabeth, failure to display name and address, \$13; C. Willoughby, Lyndhurst, no rear plate on truck, \$10; Robert A. Warnett, Newark, driving on an expired license, \$10; Robert R. Slayman Sr., West Virginia, no registration in possession (two cases), \$15 each and no 1963 tags displayed (two cases), \$10 each.

Also: K L O Welding, Somerville, no inspection on trailer, \$15; Roy W. Dubois, Somerville, improper operation (not keeping to right), \$15; Selrite Hardware Corp., 513 Lehigh Ave., Union, failure to have vehicle inspected \$15 and no name and address on vehicle, \$13; Roger Hill of 640 Rahway Ave., Westfield, disregard stop sign, \$10; Bound Brook Leasing Co., Bound Brook, failure to display inspection sticker, \$15.

Paula Kleiner and Barbara McGowan of Senior Troop 325, instructing Brownies in fire building. Girls in picture include Pat Grambor, Cathy Kammerer, Jennifer Beeson, Anne Marie Hansen, Connie Capro, Roberta Isleib, Carol Seidler, Karen Wachter, Lynn Irving, Claudia Johannmann, Laura Ciandella, Pat Battaglia, Janice Fraser, Gloria Rayan and Alice White.

Four Receive Design Certificates

Mrs. Roy O. Jacobus, chairman of the Garden Department of The Woman's Club of Berkeley Heights has just received notification from Mrs. Albert L. Stillman, President of The Garden Club of New Jersey that Braun & Co., Bell Laboratories, Hohlund Engineering and the Rescue Squad will receive Certificates of Commendation for Landscape Design. "These companies, states Mrs. Stillman, "achieved over 85% in evaluating points which covered (1) suitability of design; (2) the design itself; imagination, compo-

sition, scale, color, ground forms, etc.; (3) maintenance ease, and practicality, etc. (4) distinction. This award is in keeping with the belief of state and local garden clubs which are interested in good roadside development and in promoting an attractive N.J."

Members who served on the original suggestion committee were Mrs. F. Glenn Morris, Jr. and Mrs. Robert C. Wolff - both of whom attended Landscape Design School at Rutgers University.

Gellings Named To Honorary Society

Joseph G. Gellings of 53 Sycamore Avenue, Berkeley Heights is one of 15 sophomores named to membership in Cyanide, the junior honorary society at Lehigh University, at its Spring elections for 1963. Men of Cyanide are chosen on the basis of high scholarship and demonstrated qualities of leadership, and are in charge of the details of many campus functions throughout the year.

TERMITES

are flying again. Watch for swarms of "Flying Ants" which come with Spring, shed their wings, then disappear. These wood destroying insects cause much damage to property. Buildings not protected during construction usually require it later.

We Specialize Exclusively in protection of property against TERMITES and other Wood Destroying Insects.

Using dependable engineering methods. We are not simply exterminators. Every job is supervised by an experienced, technically trained representative. We are a New Jersey organization; employing New Jersey residents, and we have served New Jersey property owners successfully since 1935. Our reputation in this field is unsurpassed.

Come One, Come All To The Country Festival

The "welcome mat" will be out at the Country Festival Saturday, May 25, annual fair of The Church of the Little Flower, Plainfield Ave., when it opens at 11 a.m. Steve Ignat, Fair Chairman reports that there will be something of interest for everyone.

Eleven games to test their skill, are planned for the children 2 squirt gun games, ring toss, clown bean bag, basket-ball, clown-in-one golf, coke bottle ring, balloon dart game, fish pond, baseball, goldfish galore; PLUS the rides: the whip, ferris wheel, fire engine and big swing; OR those children who have a yen to look like an indian or beautiful doll will make a beeline for the Children's Makeup booth. Toyland, movies, buy-a-balloon and carnival novelties are also planned.

The popular auction with many, many useful items will begin at 2 p.m., Bill Munz and Lou Mondelli will be auctioneers.

The spicy aroma of sausages and pizza, as well as barbecued hamburgs and hot dogs will tempt one's appetite. Or relax over a friendly cup of coffee and cake at this popular shop. Children can get their fill of popcorn and sno cones. Dinner reservations for either the 5, 6 or 7 p.m. sittings may still be made by calling Mrs. M.J. Gottschall, 464-0015 or Mrs. Robert Hodson, 464-0998.

The most exciting event of the evening will be the drawing at 9 p.m. for a four door Bel-Air Chevrolet sedan; a 19" portable TV set and a roto broil capri rotisserie.

Visitors to the fair will be delighted with the gaily decorated gift shops

New High School Vote May 28., Polls Listed

Voters in six towns who share the three Union County Regional High School will go to the polls Tuesday, May 28, from 3 to 9 P.M. to act upon the Regional Board of Education proposal for a bond issue of \$2,850,000 with which to building a fourth high school, this one in Kenilworth. Voters in Districts 1, 2 and 5

in Berkeley Heights will vote at Columbia School, Plainfield Ave. and Districts 3 and 4 at Berkeley School, Snyder Ave.

Voters from all districts in Mountainside will use the Deerfield School in Central Ave. Voters in Springfield Districts 1, 2, 3, 4, 5 and 6 will vote in the

James Caldwell School, Caldwell Place, and from Districts 7, 8, 9, 10, 11, 12 and 13 at the Florence Gaudineer School, South Springfield Ave.

The proposed new high school for Kenilworth received site approval in 1957 by referendum. The Board of Education says the new school will be ready for occupancy in Sept., 1965 with a capacity of 900 pupils if voters approve the bond issue on Tuesday.

Other participating communities in the Regional District include Clark and Garwood.

GL Additions Dedicated;

"Speed and more speed in every day life" is one of the main characteristics of business, Dr. W. H. Doherty, assistant to the president of Bell Telephone Laboratories, stressed at the dedication Sunday of the addition to the three-year-old Governor Livingston Regional High School, Berkeley Heights.

Dr. Doherty spoke on "Preparation in School for an Environment in Which Modern Science and Technology Dominate." Whether one likes it or not, the speaker believes that the tempo of living will become "increasingly faster."

He believes that appreciation of the arts is necessary for all so "that life isn't so dull" from the routine of speed. He was careful to stress that his address was not an appeal for everyone to study science. With the belief that "many of our grandchildren will be in orbit," Dr. Doherty thinks it necessary for most people to have an elementary knowledge of algebra and physics to understand what an orbit is.

Exhibiting a co-axial cable, Dr. Doherty said that each of nine tubes within the cable transmits 1,800 voices simultaneously with the speed of sound.

The speaker told of the work of psychologists, lawyers and other professional people with the telephone company and other fields of industry.

Dr. Doherty Main Speaker

At the dedication of the \$1,500,000 addition, the Union County Regional Board honored Frederick Elsaesser, its architect for Jonathan Dayton Regional High School, Springfield; the Gov. Livingston School, the A. L. Johnson Regional School in Clark and its proposed new high school for Kenilworth. President Avery W. Ward of the board, who received the presentation of the addition from Elsaesser, in turn presented the architect with a framed copy of a resolution in testimony of its appreciation of him.

Included in the program were selections by the Gov. Livingston band and the school's Chorale. Dr. Minor C. K. Jones, board member from Mountainside introduced Dr. Doherty. The Rev. Dr. Chester M. Davis, pastor of Westminster Presbyterian Church, Berkeley Heights, offered invocation, and the Rev. Elmer A. Talcott of Community Presbyterian Church, Mountainside, the benediction. Harry Shallcross, president of the school's Student Council led in the salute to the flag.

The program listed facts about the addition to the school. Added was 55,000 square feet of floor space making a total of 175,000 square feet; 25 classrooms added, also three conference rooms, a typing room, library

workroom and librarian's office, gymnasium and locker rooms, field storage rooms and rest rooms, a 30-booth language laboratory, with other additions made in the original building.

Additions to the site included expanded parking areas, a new football field encircled by a one-fifth mile cinder track, also accompanying track and field facilities.

Platform guests also included Dr. William West, Union County sup't. of Schools, Warren W. Halsey, first superintendent of the Regional District, Sup't. Dr. Warren M. Davis, Gov. Livingston Principal Frederick Aho and members of the Regional Board.

Following the dedication, guests were served refreshments. Many toured the school with student guides.

Summit Optimists To Get Briefing

Members of the Summit Optimists will be briefed on "The Lower Level of the George Washington Bridge", at 6:30 P.M. Tuesday, May 28 at the Suburban Hotel, Springfield Avenue, Summit. Robert Halsey of The Port of New York Authority will speak.

Mr. Halsey will discuss the scope of construction of the Lower Level, the expanded and improved approach systems in New Jersey and New York, and the George Washington Bridge Bus Station. He will illustrate the various elements of the project with colored slides. Special attention will be given to operation and traffic flow on the world's first fourteen-lane suspension bridge. The six-lane Lower Level was opened to traffic on August 29, 1962.

Mr. Halsey, Assistant to the General Manager of the Tunnels and Bridges Department, joined the bi-state agency in 1951. He holds a B. S. degree from Rutgers University and is a lifelong resident of Springfield, New Jersey.

CHECK TERMITE DAMAGE

Every year at this time, homeowners find winged insects that suddenly fly out and then drop their wings and crawl all around. These insects are termites and indicate that there are thousands of other termites still eating the house causing further destruction to the wood of the house. The cost of repairs far exceeds the cost of treatment and goes higher with delay.

Call us for free inspection of your home by experienced personnel. Our work, which we guarantee for TEN years is engineered to exceed all existing specifications making us the leaders in the field.

Don Smith Joins Regional Sophs Learn First Aid

The RAF Advertising Agency of Springfield, has announced the appointment of Donald Paul Smith, of Butler, as Creative Director. Don Smith's design talents promise to play a leading role in RAF's current work with major industrial clients in the automotive, chemical and metal-working fields.

A recognized graphic designer, Smith's extensive art background covers all phases of visual presentation including film production, catalog design, trade ads, point-of-purchase, exhibit work and direct mail. His design concept know-how is the result of a diverse professional background with prominent agencies and manufacturers. One of his most recent positions was Art Director for Litecraft Mfg. Corp., a leading manufacturer of lighting fixtures.

— DONALD SMITH

A marine veteran with active service during the Korean War and educated at William and Mary College, Don keeps an equally active civilian life. His broad civic interests have included the presidency of the N.J. Chapter of Alpha Delta Sigma, national advertising fraternity; vice presidency of his local PTA; vice presidency of the Pompton Valley Chapter of Toastmasters International; and he was recently initiated as a third-degree member of the Knights of Columbus.

Sophomores of Jonathan Dayton Regional High School last Friday learned first aid "first hand" from those who know: members of the Springfield First Aid Squad.

The all-day program was put on by three women members of the squad, all members of long standing.

Total of 490 teenagers participated in the program which consisted of both a demonstration and also a lecture session.

The program was presented to the health classes with the first aiders teaching seven classes throughout the school day. Each class received 45 minutes of instruction with a 15 minute lecture given indoors first on general first aid information and why it is important followed by a 30 minute out-door demonstration of equipment in the ambulance. Involved was the use of oxygen, splints, back board, stretcher, and carrier chair.

Students had active participation in the demonstration. Each class was divided into groups of three.

The ambulance was stationed outside the agricultural building and the lecture was given inside the building.

The project was presented by the squad as part of its education program, direction of Lt. Harold Jensen, education officer of the squad.

Instructors taking part were Mrs. Pauline Mesker, one of the organizers of the Springfield squad, who has been honored with lifetime membership, and Mrs. Madeline Lancaster and Mrs. Helen Bowles, who have both given more than 10 years first aid service to the community.

This is the first time that such a demonstration has been given to the high school students by the squad. It was reported that the program was well-received by the school and the health and gym instructors. A squad spokesman said the squad would be pleased to continue the program as possibly an annual event if the school authorities so desire.

The hospital's School of Nursing currently has 79 students who, upon graduation, will have completed 3 years of intensive study in the fundamentals of modern nursing.

pressed his pleasure of seeing so many women, interested in the Scouting program in St. James. Father Coyle presented the Table Flower Centerpiece to Scout Frances Moore, who had the lucky Breakfast Ticket.

Our Guest Speaker was introduced by Scout Kathy Putscher, who has known him for many years— Father Nicholas Gill.

Father Gill, teaches Theology and Canon Law to future Priests at St. Michael's Monastery, Union City, and is Chaplain at the John Runnells Hospital, Berkeley Heights, N.J.

Father Gill spoke on the life of Maria Goretti a small girl of 11, whose life was one of devotion to her family especially to her Mother— and he left the Scouts with a beautiful example to follow in their own lives— by trying to make their lives like Maria's in many ways, by only doing the good things in life and avoiding the wrong things.

ENTERTAINMENT
Scouts of Troop 840 entertained with two choral songs: Somewhere Over The Rainbow, and O Beautiful Star Of The Sea led by Scout Leader Mrs. Robert Zeigler.

Brownies from various Troops, were presented by Mrs. Joseph Carroll, led by Mrs. Fred Solla "The Latest Creations in Paris Hats." Hats were made of various household and garden creations— Outstanding Hats were worn by Barbara Ann DaQuino, and Lauren Sarge. Mrs. Solla also displayed a creation for which she was presented a mystery gift.

Breakfast was served by the following Scout Mothers; Mrs. A. Graziano, Mrs. C. Swan, Mrs. A. Naymola, Mrs. M. Henderson, Mrs. R. Tarantula, Mrs. M. Space, Mrs. E. Gallagher, Mrs. A. Brzozowski assisted by Cadette Scouts, Troop 273— Dorothy Benner, Judy Hoock, Mary J. Stofik, Nancy Swan, Donna Catalano, Alice Wroblewski, Margaret Kramer, Susan Babcock and their advisor Miss Nancy Stofik. Breakfast Chairman— Mrs. Lee L. Andrews, Jr.— Co-Chairman— Miss Jeanne Putscher.

The Capping ceremonies were held at St. Lukes's Episcopal Church, Montclair, on May third. Miss Evelyn H. Hamilton, Director of Nursing Education at the hospital, presented caps to 30 students who have reached this important milestone in their nursing careers.

MVP Trophy Donated By Optimist International For Babe Ruth All-Star

The first Babe Ruth Minor League All-Star game, in several years, will get under way at 2:00 p.m. May 30, 1963 at the beautiful new Sandmeier School field.

A trophy for the most valuable player in the game has been donated by the Optimist International of Springfield, through the efforts of Mr. Jay Sperling, its Treasurer, and will be presented to the deserving player

immediately following the contest.

The Director, managers, and players of the League wish to take this opportunity to thank all members of the Optimist International for the interest they have shown.

The trophy will be on display at Park Drugs, General Greene Shopping Center, Springfield, for the week prior to the All-Star Game.

Republican Club To Meet Monday

President John Grifo announced the regular May meeting of the Springfield Republican Club will be held on Monday evening May 27th, 8:30 p.m. at Legion Hall. Trustees are requested to be present at 7:45 p.m.

Program chairman Bill Koonz has lined-up an interesting program again with "Rip" Collins, Assembly candidate speaking on the "Attributes Of The Naval Academy".

Several Teen age republicans will be present to distribute tickets to their Star Stomp which is being held at Legion Hall on Saturday evening, June 8th. Three hundred tickets are available courtesy of Charles Remlinger and the TARS hope to play host to about 200 dancing to the live music of The Origins. Door prizes will be donated by local merchants.

Scott Donington, president of the Young Republicans (age group 20 to 35) of Springfield has started the ball rolling by purchasing ten tickets on behalf of his group and supplying refreshments.

BRING STATE TITLE TO SPRINGFIELD: Alvin Nohenson, 23 Briar Hill Circle, Springfield, (left) and Nathan Stokes, 369 Mountain Avenue, Springfield, shown with trophies after winning the New Jersey State Table Tennis League doubles championship Saturday night at Sayerville. Both Springfield players have been leaders in table tennis competition for many years but this is the first time in New Jersey's history that both members of a doubles team came from the same town. They defeated William Cross and Ken Brause in the finals, two of the best players in New Jersey.
